### Assignment Description

The UNCW MHA Program uses multiple innovative tools to improve learner outcomes, including Academic Leveling resources. Academic Leveling is essential given that many students seeking and obtaining entry into the MHA program are non-business majors, presenting challenges with foundational knowledge generally received within business school curriculum.

Whether you are a learner who is a non-business major entering this program or a past business major needing to refresh your knowledge of business education fundamentals, Peregrine Academic Leveling modules will ensure you have the baseline knowledge necessary for success. In addition, by introducing key concepts to students at the beginning of each course of the program and later reinforcing them during active learning in the context of the business of healthcare, we help ensure that our students efficiently retrieve the concepts when they need them for problem-solving. With these modules, you can ensure you meet prerequisite knowledge requirements and are positioned for success in this program!

After completing this course's Academic Leveling Module(s), please reflect on the experience below.
