Side is a complete camera manual uniquely addressing the user's needs at each stage of their development. The Orientation section describes the physical control and menu features with illustrated locations and concise descriptions of function settings and operation plus page references to detail discussions. The Startup section gives setup and care and the Quick and Detailed sections give minimal and complete types of operation respectively. The Effective Use and Refresher sections are unique to the Tutor manuals giving limitations workarounds and a concise review for use after time has passed respectively. Many of the sections are given separately for the Basic Point and Shoot and Creative shooting modes. The manual is constructed for field use with laminated covers and a coil binding.
