Newsom,2019-06-03 This collection of essays by Carol A Newsom explores the indispensable role that rhetoric and hermeneutics play in the production and reception of biblical and Second Temple literature Some of the essays are methodological and programmatic while others provide extended case studies Because rhetoric is as Kenneth Burke put it a strategy for encompassing a situation the analysis of rhetoric illumines the ways in which texts engage particular historical moments shape and reshape communities and even construct new models of self and agency The essays in this book not only explore how ancient texts hermeneutically engage existing traditions but also how they themselves have become the objects of hermeneutical transformation in contexts ranging from ancient sectarian Judaism to the politics of post World War I and II Germany and America to modern film criticism and feminist re reading *Liberalism with Honor* Sharon R. The Proclamations of the Tudor Queens Frederic A. Youngs,1976-09-02 This study investigates the independent prerogative which Mary I and Elizabeth I exercised through royal proclamations These public documents were announced throughout England informing men and arguing the Queen s positions commanding local officials to perform specific actions and on occasion creating new but temporary law that was designed to meet crisis situation when no delay could be tolerated The theoretical relationship between this prerogative power and the existing statutory law has been the subject of much debate This study adds an element previously neglected the investigation of the Queens actual use of the proclamations showing that they did innovate with vigour and legislate in them but only to supplement and not supplant the law and within the limits slowly being formulated in the sixteenth century Professor Youngs demonstrates how the proclamations affected domestic security and foreign affairs social and economic matters and religion

Culture of Shame / Culture of Guilt Thomas Schirrmacher,2018-05-10 Until now theology has hardly paid sufficient attention to the difference between cultures that are primarily guilt oriented and those that are primarily shame oriented Thomas Schirrmacher s work is noteworthy for the way he informs the reader not only as it relates to missionary theology and activity It goes on to inform the reader on this important topic as it relates to educational theory ethics and counseling from the points of view of both cultural anthropological and theology The work demonstrates that a total contrast between

shame and guilt orientations does not correspond to the Biblical message nor is it derived from the tradition of the Occident and from churches of Reformation origin. Rather, shame was already considered in and integrated into these perspectives. The work is particularly challenging insofar as it calls for closer attention to be paid to the significance of the undisputed differences between shame-oriented and guilt-oriented cultures for the Christian doctrine of sin and also of reconciliation with God through Christ.

Overcoming Social Polarization Jessica L. Neu, 2024-12-15. In this book, Jessica Neu explores how to advance the discussion of deliberative democracy in an era defined by widespread social polarization and identity politics. By utilizing the communication ethics scholarship of Ronald C. Arnett as a theoretical framework and reference point for analysis, Neu analyzes several pop culture artifacts to demonstrate how communication ethics and narrative-driven perspectives can be applied pragmatically in order to reach dialogic civility in a post-truth era. Through recognizing each artifact's relationship with rhetoric, Neu highlights how they each represent ways in which discursive environment in physical space can be utilized to promote depolarization. Ultimately, this book provides a paradigmatic model that demonstrates how any individual can utilize this framework of communication ethics and deliberative democracy to enter a space of dialogic civility to depolarize our current post-truth world.
