#### **Example 1:**

##### **Creating a Body of Work through a Consistent Theme.**

Christine Padgett, Department of Art, UNCP

In my presentation I will be talking about the development of my painting titled "Reflections". This is the latest painting I have created in a series about firefighters. I spend much of my time photographing and sketching firefighters during training sessions, competitions, and at fires. I have witnessed the trust and brotherhood between them and I try to capture their passion, bravery, and dedication in my photographs. While watching training sessions, I sketch possible compositions and take notes on proper procedures, equipment and attire to keep my paintings as realistic as possible. I paint in a realistic style, but I like for my paintings to evoke emotions in the viewer. I began with acrylic paints, but I wanted to find a medium that allowed a softer line and easier blending so I tried oil paints. I was very happy with the result and have been painting in oils ever since. One of my biggest challenges is trying to accurately paint fire. I know it will be many years before I am successful at showing the temperature of the fire with the use of colors. Depicting the movement of the fire is also a challenge because of its nature as a living creature. In the future, I would like to try different media to express my ideas and continue to develop the firefighter theme. I plan to keep developing new compositions that are interesting and creative during my growth as an artist. I want to continue learning as much as possible about my subject matter, media, and different techniques.

#### **Example 2:**

##### **Is it Art or Craft**

Jeremy Adams, Department of Art, UNCP
