No Turning Back Estelle Freedman, 2007-12-18 Repeatedly declared dead by the media the women's movement has never been as vibrant as it is today Indeed as Stanford professor and award winning author Estelle B Freedman argues in her compelling new book feminism has reached a critical momentum from which there is no turning back A truly global movement as vital and dynamic in the developing world as it is in the West feminism has helped women achieve authority in politics sports and business and has mobilized public concern for once taboo issues like rape domestic violence and breast cancer And yet much work remains before women attain real equality In this fascinating book Freedman examines the historical forces that have fueled the feminist movement over the past two hundred years and explores how women today are looking to feminism for new approaches to issues of work family sexuality and creativity Freedman begins with an incisive analysis of what feminism means and why it took root in western Europe and the United States at the end of the eighteenth century The rationalist humanistic philosophy of the Enlightenment which ignited the American Revolution also sparked feminist politics inspiring such pioneers as Mary Wollstonecraft and Susan B Anthony Race has always been as important as gender in defining feminism and Freedman traces the intricate ties between women's rights and abolitionism in the United States in the years before the Civil War and the long tradition of radical women of color stretching back to the impassioned rhetoric of Sojourner Truth As industrialism and democratic politics spread after World War II feminist politics gained momentum and sophistication throughout the world Their impact began to be felt in every aspect of society from the workplace to the chambers of government to relations between the sexes Because of feminism Freedman points out the line between the personal and the political has blurred or disappeared and issues once considered merely private abortion sexual violence homosexuality reproductive health beauty and body image have entered the public arena as subjects of fierce ongoing debate Freedman combines a scholar's meticulous research with a social critic's keen eye Sweeping in scope searching in its analysis global in its perspective *No Turning Back* will stand as a defining text in one of the most important social movements of all time

No Turning Back Frank Tayell, 2021-11-21 In a post apocalyptic world where food is treasure pirates will kill for a meal A month after the nuclear war ended Commissioner Qwong and her crew of scientists and soldiers head north Following a clue found in the logbook of a sinking ship they search Mexico for a community trading

safety for oil As they follow garbled radio messages and breadcrumb clues northward from one small band of survivors to another a picture of the new world emerges Sinking cities and rising swamps fallout laden farmland and fire ravaged homes pirate ridden coasts and zombie filled shores the damage is irreversible and the rescue mission soon becomes an ecological survey charting the spread of fallout the location of inland craters the growth of oceanic dead zones and the extent of coastal flooding Despite the increasingly bleak discoveries a new plan emerges a blueprint for a new haven and a new way of living a new future for the last survivors of humanity One last chance a desperate gamble which will take them to where the outbreak began and then beyond From the Caribbean to the Great Lakes the full extent of the apocalypse becomes clear as the battle for humanity ends and the fight for a new future begins

Faith Jim Greene,2012-07 What or where is the place of faith Is it a physical location No it is where we are when we step out into the unknown in blind yet obedient faith because that is all that is we have left Our Christian vocabulary is filled with ideas quotes and even promises from God that are meant for our comfort and reassurance As real as God s Word is what happens when all has been recalled and rehearsed and we still find ourselves alone at the place of faith No Turning Back Dan Burns (Novelist),2014 In No Turning Back Dan Burns shares an eclectic mix of stories that push the boundaries of genre and imagination Told with realistic and thought provoking prose the stories shine light on characters who have come to a crossroad in their life and who realize they can look back but they must move forward What comes next is anyone s guess In Come Out Wherever You Are a man retreats to his home in the woods to live out the rest of his life in solitude He hopes to evade the public eye but instead finds himself both a victim and beneficiary of circumstance At the End of the Day is a story of forbidden and improbable love After working together for more than five years a man and woman begin a relationship they never dreamed was possible In No Turning Back a young paratrooper on a flight into enemy territory gets to think about and face his ultimate fear The author accompanies each story with his personal notes regarding the thoughts and ideas that inspired him to write the story adding a unique behind the scenes perspective Chicago artist Kelly Maryanski complements each story with an original ink illustration provided exclusively for this collection *I Married a Preacher* Emma J. Rigsby,2015-06-01 The story of two common people married to each other and committed to their God Billy Ray Rigsby born to share croppers in the hills of North Alabama and Emma Jean Woodall a typical teenager in the nineteen fifties Converted at age nine Billy developed a deep love for God At the age of thirteen he surrendered his life to the call of God and ministry After high school graduation he entered Tennessee Temple College and from there a tour of duty with the United States Air Force While stationed in Orlando Florida he met his lifelong companion Attending church one Sunday morning Jean was captivated by a young serviceman in a blue uniform Later they were married in the same church Fifty two years of joy sorrow laughter and tears are revealed in the tale of two ordinary people with a love for God and each other Everything that happens to you is for your own good If the waves roll against you it only speeds your ship toward the port If lightning and thunder comes it clears the atmosphere and promotes your souls health You gain by loss you grow healthy in sickness you live by dying and you are made rich in losses Could you ask for a better promise It is better that all things should work for my good than all things should be as I would wish to have them All things might work for my pleasure and yet might all work my ruin If all things do not always please me they will always benefit me Charles Haddon Spurgeon **Burn the Ships** William C Jeffries,2024-10-02 We are surrounded by a twenty first century culture totally antagonistic to a Biblical worldview What the Bible teaches about God history ethics biology morality marriage gender the family personal responsibility abortion antisemitism the future and many other life altering issues has never been under so direct an assault by Naturalistic and ultimately Satanic forces Referring to contemporary American culture as secular or even as a post truth age is far too tepid a

response In the United States we live in an increasingly defacto atheist culture Our trusted ally in this battle of worldviews must be the local church Sadly for too many years the organized church itself has been seduced by the very forces of culture it is meant to address It has largely failed in its biblical obligations and become the apostate church of the last days This book is intended to be a wake up call both to the individual Christian and to the local church to embrace a more engaged apologetic approach to ministry We are commanded by Peter always to be prepared to give an answer for the hope that is within us 1 Peter 3 15 That is our personal commission as believers as well as the obligation of the local church to prepare us for our individual mission fields We are engaged in a war of worldviews Is your local church preparing you for this battle or sitting this fight out on the sideline It is time to Burn Your Ships Find a local church that is willing to assist you in this life and death battle Keep looking until you do Escape to Miami Elizabeth Campisi,2016-05-13 Escape to Miami is an oral history of the experience of detainees from Guantanamo during the 1994 1996 Cuban Rafter Crisis Through life history interviews the book offers the gripping stories of twelve rafters while also providing a study of group level trauma and coping Though important as an oral history the examination of camp culture makes the project an innovative contribution to the field of anthropology as Campisi argues that coping with trauma experiences as a group can create new cultural forms
