

## Self-Assessment Paper

Topic: Describe your personality at work, using either the Meyers-Briggs typology, or other widely recognized personality characteristics. Give specific suggestions for pitfalls to be aware of and adaptations you may have to make, in order to improve your effectiveness.

Understanding who I am is critical in order to improve myself and to be successful in the workplace. In this paper, I will analyze my personality at work based on my managerial experience and the result of the Meyers-Briggs typology. From the assessment of my personality at work, I will reflect upon possible solutions for my weaknesses in order to improve my effectiveness in the workplace.

For three years, I was an academic supervisor at Young-do English Institution, which helps K-12 students learn the language from English-native instructors in South Korea. I was in charge of training and managing foreign teachers and counseling students and parents. Since most of my duties were related to dealing with different individuals and groups of people, I could discover my strong and weak points while interacting with people at my job.

According to Meyers-Briggs typology, my personality type is SP, so one of my strong points is negotiating. Fortunately, major responsibilities of my job included negotiating and communicating among different parties. For instance, when Korean executives released new policies, I had to convey the announcement to our faculty members and had to persuade why teachers should follow this direction. Since the culture and the way of thinking are different from

Colbert,2014-03-10 This book brings together internationally recognised scholars with an interest in how to use the power of assessment to improve student learning and to engage with accountability priorities at both national and global levels It includes distinguished writers who have worked together for some two decades to shift the assessment paradigm from a dominant focus on assessment as measurement towards assessment as central to efforts to improve learning These writers have worked with the teaching profession and in so doing have researched and generated key insights into different ways of

understanding assessment and its relationship to learning The volume contributes to the theorising of assessment in contexts characterised by heightened accountability requirements and constant change The book s structure and content reflect already significant and growing international interest in assessment as contextualised practice as well as theories of learning and teaching that underpin and drive particular assessment approaches Learning theories and practices assessment literacies teachers responsibilities in assessment the role of leadership and assessment futures are the organisers within the book s structure and content The contributors to this book have in common the view that quality assessment and quality learning and teaching are integrally related Another shared view is that the alignment of assessment with curriculum teaching and learning is linchpin to efforts to improve both learning opportunities and outcomes for all Essentially the book presents new perspectives on the enabling power of assessment In so doing the writers recognise that validity and reliability the traditional canons of assessment remain foundational and therefore necessary However they are not of themselves sufficient for quality education The book argues that assessment needs to be radically reconsidered in the context of unprecedented societal change Increasingly communities are segregating more by wealth with clear signs of social political economic and environmental instability These changes raise important issues relating to ethics and equity taken to be core dimensions in enabling the power of assessment to contribute to quality learning for all This book offers readers new knowledge about how assessment can be used to re engage learners across all phases of education
