To Whom This May Concern:

I am writing this letter of support on behalf of (name of immigration applicant), a longtime friend who has recently submitted his application to immigrate to this country.

My name is (your name), I am a citizen of this country, and I have been granted the privilege of knowing (name of immigration applicant) for quite some time now. I have come to consider him to be a man of great character. He has earned my respect and high regard, and I therefore support his application to immigrate to this country.

(Insert brief details about how you met the applicant and where). It is during this time that I have come to realize that his characteristics are among those that you can say have value to this country. In fact, I have met but only a few people with as much kindness and compassion as (name of applicant).

(Insert more personal details to appeal the immigration applicant's case).

I am very happy to let you know that this person is an outstanding citizen whose personal efforts have done the community a greater good, and I believe that he will do the same in his community upon approval of his immigration status. It is a great honor for me to know him, and find it to be an equally great privilege to be his friend.

Should you have any more questions regarding (name of immigration applicant), please do not hesitate to contact me via phone (insert phone number) or through email at (insert email address). I will be more than happy to answer them.

Thank you for your time and consideration, and have a good day ahead.

Sincerely,

Levin, Lynn Mather, 2012-04-16 How do lawyers resolve ethical dilemmas in the everyday context of their practice What are the issues that commonly arise and how do lawyers determine the best ways to resolve them Until recently efforts to answer these questions have focused primarily on rules and legal doctrine rather than the real life situations lawyers face in legal practice The first book to present empirical research on ethical decision making in a variety of practice contexts including corporate litigation securities immigration and divorce law Lawyers in Practice fills a substantial gap in the existing literature Following an introduction emphasizing the increasing importance of understanding context in the legal profession contributions focus on ethical dilemmas ranging from relatively narrow ethical issues to broader problems of professionalism including the prosecutor s obligation to disclose evidence the management of conflicts of interest and loyalty to clients and the court Each chapter details the resolution of a dilemma from the practitioner s point of view that is in turn set within a particular community of practice Timely and practical this book should be required reading for law students as well as students and scholars of law and society
