Jonas , the novel's 11-year-old protagonist, is nervous about the upcoming Ceremony of Twelve. While struggling to find the right word to define his feelings, he decides he is apprehensive rather than frightened. The only time he can remember being frightened was when a strange plane flew over the community the year before. Afterward, the Speaker for the community announced over the loudspeakers that the pilot had been punished by being "released," a word which Jonas knows should only be used with caution. He once used it jokingly to his friend Asher , and was reprimanded for it. Asher , however, is not always as careful with his use of words, and is always getting in trouble for it.

1	2	3	4	5		The opening of <i>The Giver</i> plunges the reader into Jonas's unfamiliar world. That Jonas can only remember one time when he was frightened implies that his community is very safe. However, the loudspeakers spouting instructions and the fate of the pilot make it clear that this community is also very structured and rule-based, and that rule-breaking leads to punishment. The emphasis on precise language implies that the community is very rational.
