Politics And The Search For The Common Good:

Politics and the Search for the Common Good Hans Sluga, 2014-10-23 This book is a vigorous reassessment of the nature of politics and political theorizing

Towards a Politics of Communion Anna Rowlands, 2021-12-02 Anna Rowlands offers a guide to the main time periods key figures documents and themes of thinking developed as Catholic Social Teaching CST A wealth of material has been produced by the Catholic Church during its long history which considers the implications of scripture doctrine and natural law for the way these elements live together in community most particularly in the tradition of social encyclicals dating from 1891 Rowlands takes a fresh approach in weaving overviews of the central principles with the development of thinking on political community and democracy migration and integral ecology and by considering the increasingly critical questions concerning the role of CST in a pluralist and post secular context As such this book offers both an incisive overview of this distinctive body of Catholic political theology and a new and challenging contribution to the debate about the transformative potential of CST in contemporary society

The Routledge Companion to Theatre and Politics Peter Eckersall, Helena Grehan, 2019-03-14 The Routledge Companion to Theatre and Politics is a volume of critical essays provocations and interventions on the most important questions faced by today's writers critics audiences and theatre and performance makers Featuring texts written by scholars and artists who are diversely situated geographically culturally politically and institutionally its multiple perspectives broadly address the question How can we be political now To respond to this question Peter Eckersall and Helena Grehan have created eight galvanising themes as frameworks or rubrics to rethink the critical creative and activist perspectives on questions of politics and theatre Each theme is linked to a set of guiding keywords Post post consensus post Brexit post Fukushima post neoliberalism post humanism post global financial crisis post acting the real Assembly assemblage disappearance permission community citizen protest refugee Gap who is in and out what can be seen heard funded allowed Institution visibility darkness inclusion rules Machine biodata surveillance economy mediatization Message performance and conviction didacticism propaganda End suffering stasis collapse entropy Re reset rescale reanimate reimagine replay how to bring complexity back into the public arena how art can help to do this These themes were developed in conversation with key thinkers and artists in the field and the resulting texts engage with artistic works across a range of modes including traditional theatre contemporary performance public protest events activism and community and participatory theatre Suitable for academics performance makers and students The Routledge Companion to Theatre and Politics explores questions of how to be political in the early 21st century by exploring how theatre and performance might provoke unsettle reinforce or productively destabilise the status quo

The Political Philosophy of Pierre Manent Joseph R. Wood, 2024-08-30 This book presents and evaluates the understanding of political form in the work of Pierre Manent The study of political form is Manent s central philosophical task He is interested in the nature of man in the action that makes us human and thus in politics and political action as privileged windows into human nature and what it is to be human Manent places himself in the classical political tradition with its foundations in human nature and in a politics that accords with nature He also situates himself within a triangle of faith philosophy and politics all of which interest him as part of the reality of things even as he avoids an exclusive commitment to any one vertex in his investigation The book first examines the major influences on Manent the overarching questions that guide his work on political form the theologico political question and the question of the modern difference with the ancient view of man and politics and his two intertwined paths of inquiry into political events and political thought Manent describes political forms as the modes of human association that no science has taken as its specific object City empire Church national monarchy or nation state and modern state are the principal forms that he examines The book discusses Manent s thinking on each form in turn together with the tensions that propel the changes or motion in political form that Manent sees as driving and revealing the course of European political development Using the work of Alasdair MacIntyre Russell Hittinger tienne Gilson Robert Sokolowski and Francis Slade the book evaluates Manent s insights into the modern state and political condition which he judges to be exhausted as well as his call for the preservation of the form of the nation marked by Christianity

A Politics of Grace Christiane Alpers, 2018-04-19 Christiane Alpers discusses the contribution and role Christian theology plays in developing of the democratic life in post Christendom societies She discusses the three major approaches to this debate public theology Radical Orthodoxy and post liberal Protestantism in order to illustrate the shared assumption that such an enhancement should be understood in terms of solving existing political problems The volume builds on and combines public theology s aspiration to craft a non triumphant political theology fit for a post Christendom context Radical Orthodoxy s hesitancy to embrace secularism as neutral centre for present democracies as well as post liberalism s Christocentric outlook Alpers engages with a wide variety of thinkers such as John Milbank Graham Ward John Howard Yoder Kathryn Tanner and Edward Schillebeeckx to suggest that a political theology in the post Christendom context could build on the faith that Christ alone has redeemed the whole world

Authority and the Metaphysics of Political Communities Gabriele De Anna, 2020-03-11 This book explores the metaphysics of political communities It discusses how and why a plurality of individuals becomes a political unity what principles or forces keep that unity together and what threats that unity can be faced with In Part I the author justifies the need for the notion of substance in metaphysics in general and in the metaphysics of politics in particular He spells out a moderately realist theory of substances and of their principles of unity which supports substantial gradualism Part II concerns action theory and the nature of practical reason The author claims that the acknowledgement of reasons by agents is constitutive of action and that normativity depends on the role of the good in the formation of reasons Finally in Part III the author addresses the notion of political community He claims that the principle of unity of a political community is its authority to give members of the community moral reasons for action This suggests a middle way between liberal individualism and organicism and the author demonstrates the significance of this view by discussing current political issues such as the role of religion in the public sphere and the political significance of cultural identity *Authority and the Metaphysics of Political Communities* will be of interest to researchers and advanced students working in social metaphysics political philosophy philosophy of action and philosophy of the social sciences

Politics for a Pilgrim Church Thomas J. Bushlack, 2015-10-12 Presents an innovative constructive alternative to Christian involvement in the culture wars Church leaders and scholars have long wrestled with what should provide a guiding vision for Christian engagement in culture and politics In this book Thomas Bushlack argues that a retrieval of Thomas Aquinas's understanding of civic virtue provides important resources for guiding this engagement today Bushlack suggests that Aquinas's vision of the pilgrim church provides a fitting model for seeking the earthly common good of the political community and he notes the features of a Thomistic account of justice and civic virtue that remain particularly salient for the twenty first century The book concludes with suggestions for cultivating a Christian rhetoric of the common good as an alternative to the predominant forms of discourse fostered within the culture wars that have been so divisive

Politics, Theology and History Raymond Plant, 2001-01-29 This book examines the moral foundations of liberal societies through the role of Christian belief in public policy

Families and Communities in Partnership Patricia Voydanoff, 1996 This collection examines the interdependence between families and other social institutions and the need for families and communities to work together to meet the needs of families and children It documents the need for partnerships among families churches schools human service organizations and the government and provides strategies for building such partnerships This book is targeted for church lay and academic audiences including diocesan family life social justice religious education and youth ministry staffs Other persons who will benefit from reading this book include Catholic charities staff members other health and human services professionals family and child advocates family life ministers educators and pastors deacons lay leaders and volunteers *Families and Communities in Partnership* will also serve as excellent reading material in courses on religion and society

A Relational Agenda Jonathan Tame, Michael Schluter, Guy Brandon, Mathias Nebel, Paul Dembinski, 2022-09-30 What framework can guide Christian engagement with major economic social and political issues in public life in 21st century Europe What other schools of thought exist apart from Catholic Social Teaching and Christian Democracy Sallux has collaborated with the Jubilee Centre in Cambridge over several years to apply a new framework agenda and strategy for Christian social reform called Relational Thinking It starts with the Christian belief that human beings are created by a relational God to form relational societies the contemporary application of the ancient adage to love our neighbour as ourselves This book is a compilation of fi ve reports two of which discuss the overall concept of Relational Thinking while the others demonstrate how it can be applied to three contemporary issues the need for monetary reform the challenges of artificial intelligence and the ethics of remuneration You can fi nd other examples of issues being analysed from a relational perspective from business to city transformation Deeply biblical Relational Thinking builds bridges through the language of

relationships to connect Christians with people of other faiths or none and offer a fresh approach to Europe's greatest public policy challenges today **The Politics Of Interests** Mark P Petracca, 2018-02-19 This is a thematically unified survey of current and significant issues affecting interest group politics and scholarship in the USA Petracca has drawn together interest group scholars and practitioners to write 16 original essays dedicated to making the best and newest research accessible to students at all levels The mix of perspectives and approaches aims to offer a stimulating analysis of contemporary American interest group activity **Searching for a Universal Ethic** William C. Mattison III, John

Berkman, 2014-12-29 In this volume twenty three major scholars comment on and critically evaluate In Search of a Universal Ethic the 2009 document written by the International Theological Commission ITC of the Catholic Church That historic document represents an official Church contribution both to a more adequate understanding of a universal ethic and to Catholicism's own tradition of reflection on natural law The essays in this book reflect the ITC document's complementary emphases of dialogue across traditions universal ethic and reflection on broadly applicable ethical guidance within the Christian tradition natural law Among other things the document situates the natural law ethical tradition within the larger search for a universal ethic Along with its insightful essays Searching for a Universal Ethic offers for the first time in published form the Vatican's official English translation of In Search of a Universal Ethic Contributors John Berkman Serge Thomas Bonino O P David Burrell S C C Lisa Sowle Cahill Joseph E Capizzi David Cloutier Anver M Emon Robert P George Sherif Girgis Jennifer A Herdt Russell Hittinger M Cathleen Kaveny Anthony J Kelly C Ss R Fergus Kerr O P Steven A Long William C Mattison III Gilbert Meilaender Livio Melina Michael S Northcott David Novak Jean Porter Martin Rhonheimer Tracey Rowland **Uncertain Victory** James T. Kloppenberg, 1988-03-24 Between 1870 and 1920 two generations of

European and American intellectuals created a transatlantic community of philosophical and political discourse Uncertain Victory the first comparative study of ideas and politics in France Germany the U S and Great Britain during these fifty years demonstrates how a number of thinkers from different traditions converged to create the theoretical foundations for new programs of social democracy and progressivism Kloppenberg studies a wide range of pivotal theorists and activists including philosophers such as William James Wilhelm Dilthey and T H Green democratic socialists such as Jean Jaurès Walter Rauschenbusch Eduard Bernstein and Beatrice and Sidney Webb and social theorists such as John Dewey and Max Weber as he establishes the connection between the philosophers challenges to the traditions of empiricism and idealism and the activists opposition to the traditions of laissez faire liberalism and revolutionary socialism By demonstrating a link between a philosophy of self conscious uncertainty and a politics of continuing democratic experimentation and by highlighting previously unrecognized similarities among a number of prominent 19th and 20th century thinkers Uncertain Victory is sure to spur a reassessment of the relationship between ideas and politics on both sides of the Atlantic **Christianity and Politics** C. C. Pecknold, 2010-08-06 It is not simply for rhetorical flourish that politicians so regularly invoke God's blessings

on the country It is because the relatively new form of power we call the nation state arose out of a Western political imagination steeped in Christianity In this brief guide to the history of Christianity and politics Pecknold shows how early Christianity reshaped the Western political imagination with its new theological claims about eschatological time participation and communion with God and neighbor The ancient view of the Church as the mystical body of Christ is singled out in particular as the author traces shifts in its use and meaning throughout the early medieval and modern periods shifts in how we understand the nature of the person community and the moral conscience that would give birth to a new relationship between Christianity and politics While we have many accounts of this narrative from either political or ecclesiastical history we have few that avoid the artificial separation of the two This book fills that gap and presents a readable concise and thought provoking introduction to what is at stake in the contentious relationship between Christianity and politics
