# Pond Creature Identification

**Tim Grant, Gail Littlejohn**

## **Pond Creature Identification:**

*Life in a Pond (eBook)* Ilene L. Follman, 1997-09-01 The information contained in this resource and activity book enhances children's knowledge and awareness of the living and non living components of a pond including the variety of life forms that can be found living on under and around the surface of a pond Through observation and investigation children will discover similarities differences and interactions among living things that inhabit a pond Activities that emphasize plant and animal adaptations interdependence and food chains enable students to learn more about how living things survive in a still freshwater ecosystem Four transparencies print books or PowerPoint slides eBooks are included to engage students in discussion and reinforce the concepts presented in the book

**Teaching Green -- The Elementary Years** Tim Grant, Gail Littlejohn, 2005-05-01 A complete resource for teaching green to young people from kindergarten through grade five

*The Outdoor Classroom in Practice, Ages 3-7* Karen Constable, 2014-11-27 The outdoor environment is now an integral part of many early years settings and schools but is it being used to its full potential Providing extensive challenging and ever changing outdoor play experiences is an essential and valuable aspect of early years education This book offers comprehensive guidance on how the outdoor environment can be used to teach and challenge all children across a range of settings drawing on forest school practice Following a month by month format each chapter provides a selection of theme related play experiences alongside planning and evaluations of how the ideas described were carried out and reveals the impact that they had on the children Including detailed information on the role of the adult the environment planning and using children's interests to guide their learning and development the book features over 100 full colour photographs to illustrate practice diary entries that reflect how the planning was delivered what changes were made and how aspects of learning were recorded and assessed examples of practice as well as comprehensive resource lists and safety guidelines links to indoor play and opportunities at home Written by a leading authority on forest school practice and full of practical ideas that can be adapted to suit individual children's needs this book aims to inspire practitioners to make the most of the outdoor environment throughout the year

*Learning on the Net* Alan Pritchard, 2013-01-11 First Published in 2005 Examining the ways in which the internet and other information sources can be used to maximum potential within the classroom this book Underpins how pupils can use the internet to improve their literacy numeracy and scientific skills Offers a range of suggestions and activities for direct use in the classroom Bridges the gap between theory and practice Drawing upon the most recent classroom research this is a must have text for students teachers and curriculum leaders looking for very practical advice on how to improve their skills in this area

**Investigating Your Environment**, 1994

**National Animal Identification System** Lisa Shames, 2008-10 Livestock production contributed 123 billion to the U S economy in 2006 In response to concerns about animal disease outbreaks the U S Dept of Ag USDA announced in Dec 2003 that it would implement a nationwide program the Nat Animal Identification System NAIS to help producers and animal health officials

respond quickly and effectively to animal disease events This report determined 1 how effectively USDA is implementing NAIS and the key issues identified by livestock industry groups market operators state officials and others 2 how USDA has distributed coop agree funds to help states and industry prepare for NAIS and evaluated the agreements results and 3 what are the costs to implement NAIS Charts     **50 Fantastic Ideas for Fearless Play** Judit Horvath,2017-03-09 The 50 Fantastic Ideas series is packed full of fun original skills based activities for Early Years practitioners to use with children aged 0 5 Each activity features step by step guidance a list of resources and a detailed explanation of the skills children will learn Creative simple and highly effective this series is a must have for every Early Years setting Fearless play is a key element in developing a child s confidence extending their limits and helping them learn to assess risks and manage situations This book is full of fun and colourful ideas for facilitating fearless play in early years settings The variety of activities means there s something for every child to enjoy ranging from basket making to mud racing Each idea is targeted to help children face new challenges and explore the world around them as well as helping to establish motor skills coordination and body awareness A perfect resource for busy early years practitioners who want children in their care to play safely and fearlessly     **EPA-600/K.** ,1997-06     Think Green, Take Action Daniel A. Kriesberg,2010-08-16 This book provides an annotated bibliography of age appropriate literature and activities showing children the importance of environmental issues and teaching them the skills to take action In past years teaching children about conservation and environmental issues might have been an optional side topic to complement an earth science curriculum but in today s educational climate being green is a subject with great relevance and importance This book combines a wide variety of techniques to help students understand environmental issues and gain the skills needed to take action The children s literature and classroom activities suggested in Think Green Take Action Books and Activities for Kids are appropriate for elementary school students from grades three through seven covering three major environmental issues endangered species resource depletion and pollution After students have a grasp of the causes of these environmental problems the final chapter presents ways to take easy action that can create ripples of change across the world Educators in museums and nature centers home schooled children and their parents comprise an appropriate secondary audience for this instructive text  
     *World of Fresh Water* ,1997     World of fresh water : a resource for studying issues of freshwater research ,1997  
     **Methods for Collection and Analysis of Aquatic Biological and Microbiological Samples** Phillip E. Greeson,1977  
     **School Clubs, Their Organization, Administration, Supervision, and Activities** Harry Charles McKown,1929  
     *Natural Area Tourism* David Newsome,Susan A. Moore,Ross K. Dowling,2001-11-28 The book covers all facets of tourism in natural areas The book is underpinned by a strong foundation of environmental understanding It then describes the range of impacts which occur when tourism takes place in the natural environment and illustrates how managers can plan develop and appropriately manage tourism developments in natural areas Finally the book addresses ongoing management concerns

such as monitoring environmental change and the need to introduce appropriate management strategies
