A GUIDE TO

SQL

The background of the cover is a dark, deep blue or black. It is filled with numerous thin, glowing lines in shades of purple, magenta, and light blue. These lines appear to be light trails or data paths, some of which are straight and others curved, creating a sense of dynamic movement. At the bottom center, there is a bright, glowing point of light that radiates outwards, with a horizontal lens flare effect extending to the left. This light source seems to be the origin of many of the glowing lines. The overall aesthetic is high-tech and digital, fitting for a book about SQL.
