Commentary on the New Testament, 1880 *The IVP Bible Background Commentary: New Testament* Craig S. Keener, 1993-12-30 Craig S Keener presents fascinating wonderfully useful information on the historical and cultural backgrounds of nearly every verse in the New Testament *History of the Pauline Corpus in Texts, Transmissions and Trajectories* Chris S. Stevens, 2020-06-15 In History of the Pauline Corpus in Texts Transmissions and Trajectories Chris S Stevens examines the Greek manuscripts of the Pauline texts from P46 to Claromontanus Previous research is often hindered by the lack of a systematic analysis and an indelicate linguistic methodology This book offers an entirely new analysis of the early life of the Pauline corpus Departing from traditional approaches this text critical work is the first to use Systemic Functional Linguistics which enables both the comparison and ranking of textual differences across multiple manuscripts Furthermore the analysis is synchronically oriented so it is non evaluative The results indicate a highly uniform textual transmission during the early centuries The systematic analysis challenges previous research regarding text types Christological scribal alterations and textual trajectories
