Kimmel, 2005-03-23 This volume brings a variety of perspectives to bear on the issue of how higher education institutions can or should choose students during the early part of the 21st century Many of the contributors report on research to develop and validate potential tools to assist those responsible for admission decisions Other contributors however pose broader questions about the nature of selective admissions about institutional responses to the changing demography of those seeking to enter higher education or about the appropriate criteria of success in higher education The volume is particularly timely because the question of how changes in admission tools and processes will affect campus diversity following the recent Supreme Court decision concerning the University of Michigan Diversity is an important concern of all of the contributors and the chapter by Lee Bollinger President at Michigan at the time the court cases were filed is particularly relevant This book brings together the research that underlies a variety of proposed approaches to improving the selection of students Providing support for the integrity of the admissions process and the validity of new tools to help a higher education institution to select a diverse student body this book explores the implications of the assessment component of K 12 school reform for higher education admissions practices The diverse contributions to this volume reflect the current ferment in educational research and educational practice as

institutions of higher education seek to develop a new admissions paradigm for coming decades following the University of Michigan decisions This book is intended for those leaders and professionals who set admission policies and practices in American colleges and graduate and professional schools as well as for those scholars and scientists who research develop and validate tools for use in the process of choosing students in ways that are congruent with an institution's mission values and goals

Teacher Education Across Minority-Serving Institutions Emery Petchauer, Lynnette Mawhinney, 2017-03-21 The first of its kind Teacher Education across Minority Serving Institutions brings together innovative work from the family of institutions known as minority serving institutions Historically Black Colleges and Universities Tribal Colleges and Universities Hispanic Serving Institutions and Asian American and Native American Pacific Islander Serving Institutions The book moves beyond a singular focus on teacher racial diversity that has characterized scholarship and policy work in this area Instead it pushes for scholars to consider that racial diversity in teacher education is not simply an end in itself but is a means to accomplish other goals such as developing justice oriented and asset based pedagogies

Exploring Doctor Who Fandom Through Screenwriting Practice-As-Research Kathryn Beaton, 2025-09-12 Exploring Doctor Who Fandom Through Screenwriting Practice As Research Otherness Intersectionality and Fan Studies explores the diversity of fans and how they form and express their identity within fandom Main themes in this book include otherness fans with disabilities fans within the LGBTQIA community and how fandom can enrich the life of a fan This book asks readers how a fan develops and performs their identity and proposes a screenwriting practice methodology Otherness in this scenario includes people who have disabilities are within the LGBTQIA spectrum and are neurodiverse Screenwriting methodology also allows concepts such as disability sexuality and otherness to be humanized through characterization and world building as seen in screenwriting practice Exploring Doctor Who Fandom Through Screenwriting Practice As Research Otherness Intersectionality and Fan Studies examines world building characterization and story arcs that explore the development of fan identity and how otherness through fandom is expressed It draws on the lived experience of the author as a disabled LGBTQIA aca fan to add a layer of authenticity to the research By offering a unique perspective on fandom and identity and how screenwriting methodology is a viable approach to researching these concepts it looks to spread understanding of a neglected point of view and enhance future works Readers who would be interested in this book are scholars and students of fandom theory screenwriting practice and those interested in the development and expression of identity as a fan

Exploring Technology for Writing and Writing Instruction Pytash, Kristine E., 2013-07-31 As digital technologies continue to develop and evolve an understanding of what it means to be technologically literate must also be redefined Students regularly make use of digital technologies to construct

written text both in and out of the classroom and for modern writing instruction to be successful educators must adapt to meet this new dichotomy Exploring Technology for Writing and Writing Instruction examines the use of writing technologies in early childhood elementary secondary and post secondary classrooms as well as in professional development contexts This book provides researchers scholars students educators and professionals around the world with access to the latest knowledge on writing technology and methods for its use in the classroom Projections and Interface Conditions Anne-Marie Di Sciullo,1997 This collection of previously unpublished papers explores the implications of Chomsky's Minimalist framework for the modularity of grammar which simplifies the modular approach he took in his Government and Binding theory of grammar According to this theory autonomous grammatical components phonological syntactic morphological and semantic coexist and interact like building blocks using a given set of principles at given levels of representation Chomsky's assertions have sparked a great deal of theoretical debate especially with regard to the nature and interaction of each of the building blocks The contributors to this volume join the debate in a series of case studies that compare modularity in English French and Italian among other languages In the process they address such issues as the autonomy and applications of modules and their distribution in theory as well as the role of functional projects in their derivations Projections and Interface Conditions will interest researchers in any of the above mentioned languages as well as the large number of linguists working in the Chomskyan tradition **Journal of Research and Development in Education** ,1970 **Conflict and Catholic Social Ethics** Taylor J. Ott,2024-11-01 This book focuses on the question of how to understand conflict and its place in Catholic and Christian social ethics The author examines Catholic social teaching CST for its explicit mentions of conflict or contention and analyzes the way that CST addresses the subjects of peace labor and environment While CST offers precedent to think about conflict within the frame of Catholic ethics its lack of explicit engagement remains a major obstacle to a full rich and concrete understanding of the fabric of society and the work of social justice Any social ethic that is not informed by the presence of conflict misses a major dynamic in society and therefore leads to ethical judgements that are at best inadequate and at worst actively harmful Building upon the insight of respected thinkers within Catholic social thought this study is based on an interdisciplinary method that engages sociology political theory postcolonial theory and intersectional feminist ethics The book will be of particular interest to theological ethicists and those who work with modern CST **The Gender-Technology Relation** Rosalind Gill,Keith Grint,2018-12-07 Provides a review of contemporary theory and empirical research into the relationship between feminism and social constructivism Through case studies the book focuses on issues raised by different technologies and on developing theoretical understandings of the gender technology relation *The ^A True Wealth of Nations* Daniel Finn,2010-09-23 The True Wealth of Nations arises from the conviction that implementing a morally adequate vision of the economy will generate sustainable prosperity for all It sets forth the beginnings of an architecture of analysis for relating economic life and
