Wielding Words like Weapons Ward Churchill,2017-04-15 Wielding Words like Weapons is a collection of acclaimed American Indian Movement activist intellectual Ward Churchill s essays in indigenism selected from material written during the decade 1995 2005 It includes a range of formats from sharply framed book reviews and equally pointed polemics and op eds to more formal essays designed to reach both scholarly and popular audiences The selection also represents the broad range of topics addressed in Churchill s scholarship including the fallacies of archeological and anthropological orthodoxy such as the insistence of cannibalologists that American Indians were traditionally man eaters Hollywood s cinematic degradations of native people questions of American Indian identity the historical and ongoing genocide of North America s native peoples and the systematic distortion of the political and legal history of U S Indian relations Less typical of Churchill s oeuvre are the essays commemorating Cherokee anthropologist Robert K Thomas and Yankton Sioux legal scholar and theologian Vine Deloria Jr More unusual still is his profoundly personal effort to come to grips with the life and death of his late wife Leah Renae Kelly thereby illuminating in very human terms the grim and lasting effects of Canada s residential schools upon the country s indigenous peoples A foreword by Seneca historian Barbara Alice Mann describes the sustained efforts by police and intelligence agencies as well as university administrators and other academic adversaries to discredit or otherwise neutralize both the man and his work Also included are both the initial stream of consciousness version of Churchill s famous or notorious little Eichmanns opinion piece analyzing the causes of the attacks on 9 11 as well as the counterpart essay in which his argument was fully developed **Political Science** Michael G.

A Changing United Nations W. Knight, 2000-10-19 The United Nations is at a critical juncture It is faced with two distinct choices to remain a decision frozen in time or to develop a long term adaptation agenda and strategy that would allow it to be a relevant institution of global governance for the twenty first century Reform and reflexive institutional adjustments have failed to address underlying problems facing this organization After fifty five years of existence it is still considered an inefficient and ineffective world body Worse yet its relevance is being questioned This study offers a critique of existing UN change processes and then shifts focus to considerations of institutional learning strategies that would allow the UN to maintain relevance amidst the

Leon III Ph.D.,2016-08-31 Over the past 8 years there have been significant shifts in the American political landscape The election of Senator Barack Obama as America s 44th and first African American president signaled a giant leap forward in the American social cultural and political landscape It has taken America 219 years to reach this point Based upon Senator Obama s campaign promises many people looked forward to a more transparent and inclusive government Others saw this election as a signal of a new post racial America but America has always been a country in conflict As many basked in the comfort of Obama s historic election others feared its backlash History tells us that white supremacy dies hard in America and its proponents would not take America s victory lying down The bigoted rants of the Tea Party and the ultra right wing s obstructionist agenda have resulted in a political stalemate unlike any other in recent American history These reactionary politics coupled with the Democratic Party and Obama Administration s inability to articulate an effective counter narrative and employ effective countermeasures has left America in a political abyss Politics Another Perspective Analysis of Race War Ethics and the American Political Landscape in the Age of Obama is a collection of Op Ed s written by Wilmer J Leon III Ph D As a collection these writings provide cutting edge analysis of the various issues that influenced the American geopolitical landscape since 2006 and insight into the direction that the country is headed Wilmer Leon is one of the few Black prophetic voices in the age of Obama This book confirms this status courageous visionary and consistent Dr Cornel West Dr Wilmer Leon has assembled a collection that asks the right questions about race and democracy In an era when too many are silenced for fear of rocking the boat of the status quo Wilmer Leon has signaled his willingness to go out on a limb and speak truth to power Bravo Dr Julianne Malveaux Economist and Author Are We Better Off Race Obama and Public Policy *Political Science* Michael G.
