English Historical Pragmatics Andreas Jucker, 2013-08-30 Providing an ideal introduction to historical pragmatics this guide gives students a solid grounding in historical pragmatics and teaches the methodology needed to analyse language in social cultural and historical contexts Using a number of case studies including politeness news discourse and scientific discourse this book provides new insights into the analysis of discourse markers interjections terms of address and speech acts Through focusing on the methodological problems in using historical data students learn the key concepts in historical pragmatics as well as covering recent work at the interface of between language and literature

Pragmatics George Yule, 1996-06-06 This is an introduction to pragmatics the study of how people make sense of each other linguistically The author explains and illustrates basic concepts such as the co operative principle deixis and speech acts providing a clear concise foundation for further study

A Phi-Syntax for Nominal Concord Marco Benincasa, 2018-03-26 The book focusses on the grammatical feature definiteness in German visible in the inflection of adjectives ein sch n es Kind vs das sch n e Kind It argues for an analysis of this effect that draws a connection to the visible categories of number and gender on nouns and related words rather than an abstract property This conclusion rests on the conflation of the established grammatical categories into a single one number gender which explains a vast body of grammatical phenomena in German and principles of language in general

Business Modeling and Software Design Boris Shishkov, 2014-05-09 This book contains the extended and revised versions of selected papers from the Third International Symposium on Business Modeling and Software Design BMSD 2013 held in Noordwijkerhout The Netherlands during July 8 10 2013 The symposium was organized and sponsored by the Interdisciplinary Institute for Collaboration and Research on Enterprise Systems and

Technology IICREST in cooperation with the Dutch Research School for Information and Knowledge Systems SIKS the Center for Telematics and Information Technology CTIT Aristotle University of Thessaloniki AUTH and AMAKOTA Ltd The theme of BMSD 2013 was Enterprise Engineering and Software Generation The 13 full and 20 short papers presented at BMSD 2013 were selected from 56 submissions The eight papers published in this book were carefully reviewed and selected from the 13 full papers The selection includes papers touching upon a large number of research topics ranging from more conceptual ones such as modeling landscapes process modeling declarative business rules and normalized systems to more practical ones such as business case development and performance indicators and from more business related topics such as value modeling and service systems to topics related to information architectures *Hosios* Saskia Peels, 2015-10-05 In *Hosios* A Semantic Study of Greek Piety Saskia Peels elucidates the semantics of the Ancient Greek adjective *hosios* and its cognates Traditionally rendered as piety *hosios* was a key notion in Classical Greek religion and reflected a core value in Athenian democracy Since antiquity its meaning and usage have puzzled many This study sets out to resolve various scholarly debates on the semantics of *hosios* by focusing on the idea of lexical competition It illuminates the semantic relationship between *hosios* and its near synonyms *euseb* s and *dikaio*s and the connection to the notion of the sacred Using insights from modern linguistic theory the book also aims to improve methods for research into the lexical semantics of a dead language The Socio-Cognitive Approach to Communication and Pragmatics Istvan Kecskes, 2023-12-07 The book aims to serve as a theoretical framework for the socio cognitive approach SCA that is an alternative to the two main lines of pragmatics research linguistic philosophical pragmatics and sociocultural interactional pragmatics SCA broadens the scope of the field with an intent to incorporate not only L1 communication but also intercultural communication and communication in a second language The author integrates the pragmatic view of cooperation and the cognitive view of egocentrism and emphasizes that both cooperation and egocentrism are manifested in all phases of communication albeit to varying extents SCA places equal importance on the social and cognitive individual factors in pragmatics The author claims that while social cooperation is an intention directed practice that is governed by relevance individual egocentrism is an attention oriented trait dominated by salience The book serves as a theoretical guide for researchers and students who would like to understand how we need to change first language based theories to make sense of what happens not only in L1 but also in intercultural and multi lingual interactions
