

Synthesis Prompt Practice

Synthesis Question:

"Social media platforms have become a significant part of modern life, influencing various aspects of society, including personal relationships, political discourse, and public awareness of social issues. Consider the role of social media in shaping public opinion and behavior. Write a one-paragraph response that synthesizes information from the following three sources to develop your position on whether social media is more beneficial or harmful to society. (This is the position - command word prompt)"

Source A: Excerpt from a news article

"Social media platforms like Twitter and Facebook have been instrumental in mobilizing young voters and raising awareness about social and political issues. For instance, movements such as #MeToo and #BlackLivesMatter gained momentum largely through social media, bringing attention to critical social justice issues." (This perspective - positive)

Source B: Excerpt from a research study

"A study published in the journal of Social Psychology suggests that excessive use of social media can lead to increased feelings of loneliness and depression, especially among teenagers. The study highlights that while social media can connect people, it often replaces real-life interactions with virtual ones, leading to a sense of isolation." (This perspective - negative)

Source C: Excerpt from an opinion piece

"Social media platforms are often criticized for spreading misinformation and fake news, which can influence public opinion and skew democratic processes. The ease with which information, whether true or false, can be shared has led to significant challenges in ensuring the accuracy and reliability of content consumed by the public." (This perspective - negative)

Your Task: (On the exam you will write a whole essay, but for today's lesson, you are just writing a paragraph.)

Your response should be one paragraph long. Integrate information from all three sources, and articulate a clear position on the impact of social media on society.
