The Dark Side of Speech Carlo Penco, 2024-10-08 What is disinformation and why does it matter How can we understand and detect different kinds of disinformation With an analysis of relevant events of the period 2012-2022 the book attempts to answer these questions The book is organized into four parts 1 The first part presents the notions of post truth and fake news using some of the most recent critical studies analyzing some typical examples and the environment in which some of them originated 2 The second part introduces the notion of conspiracy theory and describes the emergence of

the idea of white supremacy and its ramifications together with the narratives developed during the COVID restrictions 3 The third part describes the emergence of the algorithms behind social networks and their role in propaganda making examples of US and European elections and the Brexit referendum An analysis of Cambridge Analytica shows the tip of an iceberg of disinformation that is spreading around the world Some remarks by comedians and philosophers help to give a new view on the concept of freedom of speech with particular attention to the more and more difficult freedom of the press 4 The fourth part gives some emergency tools for detecting disinformation at an individual level understanding the most hidden mechanisms of disinformation and the biases that almost unavoidably enter our minds These tools come from the results both of traditional theories and the most recent social philosophy of language not despising references to statistics This is a fundamental book for having a general survey of this period of political turmoil consulting a wide list of references and official documents and having a grasp of the means of intellectual self defense This book is non standard it relies on the most sophisticated theories of language and yet it gives everything in simple and colloquial language Differently from sophisticated analyses of linguistic phenomena it gives the feeling of participating in a tour around what happened in the last decade with a disenchanted eye that uses some results of the critical literature without compelling one to become a theoretician in the field of philosophy or critical analysis The hidden focus of the book is freedom of speech and freedom of thought and what they mean today in an era of more sophisticated and widespread disinformation permitted by the algorithms governing social networks

Because of the Angels T. Jeff O'Neal II, 2025-06-06 There is an awakening in America and across the world People are peeking behind the curtain and seeing the Military Industrial Complex is making us less safe and secure and conventional medicine and Big Pharma are making us less healthy all at very high cost The evil graft and corruption in government and large institutions are being revealed to those willing to see and acknowledge the proof that is presented to them But it seems nobody dares look behind the curtain of religion When Martin Luther first visited Rome he was shocked at the corruption and perversion of the Roman Catholic Church he witnessed so shocked that he started the Protestant Reformation But the dirty secret is that the deceit fraud graft and corruption in Christianity as well as other religions has gotten greater and more pervasive since the beginning of the Protestant Reformation Because of the Angels pulls back the curtain on Christian religion reveals the rampant adultery and idolatry and lays out the simple clear guidance in the Bible that will fulfill Jesus's requests in His High Priestly Prayer John 17

American Memory Hole Donald Jeffries, 2024-08-27 Donald Jeffries takes another deep dive down the historical rabbit holes with American Memory Hole How the Court Historians Promote Disinformation You will discover how cancel culture was born during the administration of Franklin D Roosevelt And how our interventionist foreign policy was established during the Woodrow Wilson presidency Jeffries documents the tragically common atrocities committed by US troops beginning with the Mexican American War which became official policy under the total war and scorched earth strategy of Abraham Lincoln's

bloodthirsty generals He recounts the shocking abuses of our military forces in countries like Mexico Haiti the Philippines and elsewhere Jeffries builds on his groundbreaking investigation into the murder of John F Kennedy Jr uncovering even more evidence of conspiracy and cover up He talked to people no researcher has talked to before in a powerful new section on the assassination of President John F Kennedy Jeffries explores the Kennedy family in general and finds that the establishment especially the Left continues to treat them unfairly The events of September 11 2001 and the Oklahoma City Bombing are investigated in depth as never before There is stunning new information on much maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors **The Truth Teller** Jack Buckby,2023-10-24 Could RFK Jr overturn 230 years of American political history and become the first independent to mount a truly credible campaign for the presidency Does the increasingly partisan and unpredictable nature of American politics provide an opportunity for the ultimate outsider to outrun the two party system In **The Truth Teller** Jack Buckby explores the impact that Kennedy s candidacy could have on the Democratic party s slide toward authoritarianism his ability to connect with America s youth the common ground between Trump voters and Democrats the potential to make landslide victories common again and the healing power of a candidate who refuses to alienate half of the country In telling uncomfortable truths Kennedy offers a radically moderate vision for America and a blueprint for bringing the country back from the brink of permanent decline **The Truth Teller** offers a unique look at Kennedy s campaign describing how Kennedy s radically moderate vision for America his ability to bring together the left and the right and his unique campaign style present an opportunity for America to normalize its politics and bring this divided country back together **Ask Not** Maureen Callahan,2024-07-02 From New York Times bestseller Maureen Callahan a harrowing incendiary expos of the real Kennedy Curse the family s generations long legacy of misogyny murder and mayhem Karen Abbott The must read book of the summer Megyn Kelly The Kennedy name has long been synonymous with wealth power glamor and above all else integrity But this carefully constructed veneer hides a dark truth the pattern of Kennedy men physically and psychologically abusing women and girls leaving a trail of ruin and death in each generation s wake Through decades of scandal after scandal from sexual assaults to reputational slander suicides to manslaughter the family and their defenders have kept the Kennedy brand intact Now in **Ask Not** bestselling author and journalist Maureen Callahan reveals the Kennedys hidden history of violence and exploitation laying bare their unrepentant sexism and rampant depravity while also restoring these women and girls to their rightful place at the center of the dynasty s story from Jacqueline Onassis and Marilyn Monroe to Carolyn Bessette Martha Moxley Mary Jo Kopechne Rosemary Kennedy and many others whose names aren t nearly as well known but should be Drawing on years of explosive reportage and written in electric prose **Ask Not** is a long overdue reckoning with this fabled family and a consequential part of American
