

# Your Device

## Key Functions

1. Light sensor lets you use the ambient light level to adjust the screen brightness/contrast.
  - In a bright light condition (outdoors), the sensors cause the device to increase the brightness and contrast for better viewing.
  - In dim light conditions, the device increases the screen brightness to compensate.
2. Status Bar icons provide information about your device's status and options, such as signal strength, wireless technology, roaming, ringer setting, messaging, and battery charge.
3. Touchscreen Display displays all the information needed to operate your device, such as the call status, the Contacts list, and the date and time. Also provides one-touch access to all of your features and applications.
4. HOME Key returns you to the Home screen. Press and hold to open the recently-used applications window.
