Asteroid Answers to Ancient Calendar Mysteries Herbert B. Stollorz, 2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible s book of Revelation and Daniel s prophecies It is one of the most important dates in the plan of God for all humanity *Targeting Websites Dedicated to Stealing American Intellectual Property* United States. Ancient wisdom proclaims a teacher will appear when the student is prepared to learn One is always where one needs to be at exactly the moment that is required to experience opportunities in increased awareness The experiences of Von Goodwin have proven that the explanation of coincidence is nothing more than rationalization when remarkable things happen in ones life These remarkable occurrences are often defined as miracles and yet the concept of miracles is misleading The authority each person has in shaping their lives and creating their existence is as real and as natural as life itself The miracle then becomes why so many are unconscious to their creative power Ancient text commissions those that see a need to act To enlighten those that are searching to encourage those that are struggling and to enable those that are eager to pursue their sacred callings And it is the mission of the author to lead those that are ready to hear to a higher consciousness
