*From the Edge* Allison E. Fagan,2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy

From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins *The Holy Bible According to the Authorized Version (A.D. 1611)* Frederic Charles Cook,1875 **Making Progress in English** Eve Bearne,2006-09-07 This manual is designed to help teachers establish a principled framework for developing English at Key Stages 1 and 2 Covering all aspects of English it will help teachers raise standards of achievement in pupils at all levels of fluency and confidence The author uses case study material to relate theory to practice covering issues such as classroom organization and management She also provides guidance for planning and developing ideas with colleagues and with children and offers suggestions for teaching strategies with photocopiable sheets and formats and ways to evaluate teaching Separate sections deal with reading writing speaking and listening and these different threads are drawn together in sections on knowledge about language including spelling grammar and punctuation and study of texts including media poetry drama response to literature and the use of non fiction texts The final section deals with policy and schemes of work Each chapter also offers information on assessment recording and reporting linked to scales of progression frameworks for screening and supporting children who have difficulties with English gender working with parents linguistic and cultural diversity Eve Bearne teaches at Homerton College Cambridge
