Evidence of Being Darius Bost, 2018-12-21 *Evidence of Being* opens on a grim scene Washington DC's gay black community in the 1980s ravaged by AIDS the crack epidemic and a series of unsolved murders seemingly abandoned by the government and mainstream culture Yet in this darkest of moments a new vision of community and hope managed to emerge Darius Bost's account of the media poetry and performance of this time and place reveals a stunning confluence of activism and the arts In Washington and New York during the 1980s and 90s gay black men banded together using creative expression as a tool to challenge the widespread views that marked them as unworthy of grief They created art that enriched and reimagined their lives in the face of pain and neglect while at the same time forging a path toward bold new modes of existence At once a corrective to the predominantly white male accounts of the AIDS crisis and an openhearted depiction of the possibilities of black gay life *Evidence of Being* above all insists on the primacy of community over loneliness and hope over despair

The Theatre of Death Jennifer Woodward, 1997 English royal funeral ceremony from Mary Queen of Scots to James I gives fascinating insight into the relationship between power and ritual at the renaissance court This book represents the first detailed study into English royal funeral ceremonies of the period building on earlier scholarship dealing with the French royal funeral and with the social history of death and burial in early modern England Funeral rituals are approached as performances and placed in their political religious and broader cultural contexts showing them to be a microcosm of cultural change The impact of the

Reformation with its strong iconophobic strain on a ritual process which was centred on the display of a life sized image of the dead monarch is explored Later the counter influence of the Arminianism and Continental art is considered in relation to the apotheosis of the theatre of death under the early Stuarts with particular reference to the funeral of James I Earlier individual funeral occasions are also addressed with varied focus The author shows how the obsequies of Elizabeth I were used to help establish the new Stuart dynasty the sudden death of the young Henry Stuart heir to the throne led to a funeral quite different in atmosphere and political purpose The death rituals of Mary Queen of Scots both the ceremonies staged in the wake of her execution and the monuments and funeral performances created years later by her son James are analysed in depth the emergent picture of the deliberate manipulation of the Scottish Queen's posthumous image provides a fascinating insight into the relationship between power and ritual at the renaissance court Dr JENNIFER WOODWARD gained her Ph D from the University of Warwick _____ *The Funeral Director's Practice Management Handbook* Howard C.
