

WELCOME TO PRESCHOOL

This will be a fun year for your child, and I hope to make it an exciting one. Here is some information for the upcoming school year.

Schedule: Our day starts at 9:00 am with an opening table activity. Please bring your child no earlier than 8:55 pm as I am preparing the activity and for the morning.

Rules: In the classroom, I ask the children to be kind and safe while they are playing and learning. Please do not send in toys, stuffed animals or blankets. In the past, I have had trouble with these items being lost or broken. I have plenty of toys in my classroom for your child to play with.

Sickness: Please keep your child home if he/she is vomiting, has diarrhea, excessive coughing or has a fever. Your child needs to be free of these symptoms for 48 hours, without medication, before they can return. If your child is sick, please call (000) 000-000

Discipline: When a child misbehaves in my classroom, I use redirection. If a child hurts another child or abuses materials in my classroom, he/she will be asked to sit with me for a discussion. During our discussion, we will talk about what was done wrong and what he/she could do differently next time. If this problem persists, I will schedule a time to sit down with you to discuss the behavior and create an action plan.

Circle Time: During Circle Time, I will be introducing a letter of the Alphabet and number each week along with a color, a shape, and a nursery rhyme of the month. Also, we will discuss what the weather is like each day. Each child will have a job to do in the classroom and will rotate these on a weekly basis.

Snacks: Snack time is a fun time for the kids to talk to each other! I kindly ask you bring in healthy choices for your kiddo in his/her lunch box. There are many great options such as cheese sticks, lunch meat, fruit, veggies, applesauce or crackers. We have some children with nut allergies. Our school has a no nut and no candy policy. Please have your child bring a water bottle labeled with their name.

Birthdays: Birthdays are a fun time to celebrate your child! Don't worry! If your child has a summer birthday, I will celebrate their half birthday. You are more than welcome to send in store-bought treats per the school's policy for your child's birthday or half birthday. Because we are a nut-free school, please do not send any goodies with nuts. We do have some children that are severely allergic to nuts. As a special gift from me, I will send home a certificate, crown, and pencil.

book reports new data and empirical analyses that advance the theory of language and literacy with researchers using different methodologies in conducting their study with both a sound empirical underpinning and a captivating analytical rationalization of the results. The contributors to this volume used several methodological methods e.g. quantitative qualitative to describe the complete concept of the study, the achievement of the study and the study in an appropriate manner based on the study's methodology. The contributions to this volume cover a wide range of topics including dual language learners, Latino immigrant children, children who have hearing disabilities, parents and teachers' beliefs about language development, early literacy skills of toddlers and preschool children, interventions, multimodalities in early literacies, writing and family literacy. The studies were conducted in various early childhood settings such as child care, nursery school, Head Start, kindergarten and primary grades, and the subjects in the studies represent the pluralism of the globe: a pluralism of language backgrounds, ethnicity, abilities and disabilities. This book was originally published as a special issue of *Early Child Development and Care* [Resources in Education](#), 1995.

The Educated Child Chester E. Finn, Jr., John T. E. Cribb, Jr., William J. Bennett, 1999-12-24. If you care about the education of a child, you need this book. Comprehensive and easy to use, it will inform, empower, and encourage you. Just as William J. Bennett's *The Book of Virtues* has helped millions of Americans teach young people about character, *The Educated Child* delivers what you need to take control. With coauthors Chester E. Finn, Jr. and John T. E. Cribb, Jr., former Secretary of Education, Bennett provides the indispensable guide. Championing a clear, back-to-basics curriculum that will resonate with parents and teachers tired of fads and jargon, *The Educated Child* supplies an educational road map from earliest childhood to the threshold of high school. It gives parents hundreds of practical suggestions for helping each child succeed while showing what to look for in a good school and what to watch out for in a weak one. *The Educated Child* places you squarely at the center of your young one's academic career and takes a no-nonsense view of your responsibilities. It empowers you as mothers and fathers, enabling you to reclaim what has been appropriated by experts and the education establishment. It outlines questions you will want to ask, then explains the answers or non-answers you will be given. No longer will you feel powerless before the education system. The tools and advice in this guide put the power where it belongs: in the hands of those who know and love their children best. Using excerpts from E. D. Hirsch's *Core Knowledge Sequence*, *The Educated Child* sets forth a state-of-the-art curriculum from kindergarten through eighth grade that you can use to monitor what is and isn't being taught in your school. It outlines how you can help teachers ensure that your child masters the most important skills and knowledge. It takes on today's education controversies, from phonics to school choice, from outcomes-based education to teaching values, from the education of gifted children to the needs of the disabled. Because much of a youngster's education takes place outside the school, *The Educated Child* also distills the essential information you need to prepare children for kindergarten and explains to the parents of older students how to deal with such challenges as television, drugs, and sex. If you seek high standards and solid, time-tested content for the

child you care so much about if you want the unvarnished truth about what parents and schools must do *The Educated Child* is the one book you need on your shelf
