PAIRED TEXT - NONFICTION - EXPOSITORY
Read both texts about cricket. Questions 11-14.

RL.3.2	RL.3.6	RL.3.8
Cricket: "The Gentleman's Game"		

Cricket is a popular sport played in many countries around the world. It's a fast and fun game that involves two teams, each consisting of eleven players. The objective of the game is to score more runs than the other team.

The game is played on a rectangular field, known as the cricket pitch, with a set of stumps or a wicket. The teams taking turns to score runs by hitting the ball forward by the opposing team's bowler and running between the wickets. Sometimes, the batting team may try to get the bowler out by hitting the ball into the field.

Cricket is known for its fast play and athleticism. Players are expected to follow a code of conduct called "the laws of cricket," which emphasizes respect for opponents and officials. The game is also valued for its "gentleman's game" attitude of sportsmanship on the field and mutual respect.

Cricket is often compared to baseball. Cricket and baseball both involve hitting a ball with a bat, running between bases or wickets, and the aim of hitting to prevent the opposing team from scoring. In baseball, however, the ball is called pitching and in cricket it is called bowling. There are three types of wickets, known as batsmen, positioned at each end of the pitch. Runs are scored by running between the wickets. In cricket, batsmen run between the wickets, touching the ground first, second, third, and fourth time to score runs.

For young enthusiasts, playing cricket isn't only a physical activity but also encourages teamwork, strategic thinking, and discipline. Whether played in their neighborhood park or on a professional field, cricket continues to capture the hearts of people worldwide, fostering a sense of friendship and a love for the game.
