The Global Pain Crisis Judy Foreman, 2017-03-06 Tens of millions of people around the world live with chronic pain many in such severe pain they are disabled by it The Institute of Medicine estimates that chronic pain costs the U S alone 560 to 635 billion a year in direct medical costs and lost productivity Morphine an effective painkiller costs only three cents a dose yet because of excessive regulation in many countries it is unavailable to millions of people who need it even at the end of life The World Health Organization notes that in addition to the one million end stage AIDS HIV patients who can't get morphine and other controlled medications 5.5 million terminal cancer patients nearly a million people suffering from accidents or violence and an incalculable number of people living with chronic illnesses or recovering from surgery don't have access to it either Furthermore women children older people and the poor are disproportionately affected by inadequate pain relief Physicians know almost nothing about chronic pain much less how to treat it for two reasons medical schools barely teach it and government institutions allot almost nothing to the pain research budget In The Global Pain Crisis What Everyone Needs to Know renowned health journalist Judy Foreman addresses the most important questions about chronic pain what is it whom does it affect most which pain relief methods in Western and alternative medicine are effective what are the risks and benefits for opioids and

marijuana and how can the chronic pain crisis be resolved for good Foreman's book is a wake up call for a health problem that affects people across the globe from all walks of life Written in the classic easy to read and quick reference style of the What Everyone Needs to Know series The Global Pain Crisis is a must read for anyone whose life or work is affected by chronic pain
