Binhammer, 2009-09-24 Eighteenth century literature displays a fascination with the seduction of a virtuous young heroine most famously illustrated by Samuel Richardson's *Clarissa* and repeated in 1790s radical women's novels in the many memoirs by fictional or real penitent prostitutes and in street print Across fiction ballads essays and miscellanies stories were told of women's mistaken belief in their lovers' vows In this book Katherine Binhammer surveys seduction narratives from the late eighteenth century within the context of the new ideal of marriage for love and shows how these tales tell varying stories of women's emotional and sexual lives Drawing on new historicism feminism and narrative theory Binhammer argues that the seduction narrative allowed writers to explore different fates for the heroine than the domesticity that became the dominant form in later literature This study will appeal to scholars of eighteenth century literature social and cultural history and women's and gender studies

Seduced by A Stranger Eve Silver, 2009-09-01 With Just One Glance The vast dense forest and murky lake that surround Cairncroft Abbey aren't the only menacing elements that envelop the estate For a dark history lies behind its walls where secrets and evil still linger She Falls Catherine Weston arrives at Cairncroft Abbey to visit her childhood friend Madeline St Aubyn whose health seems to deteriorate with each passing day Even stranger Madeline appears to grow more nervous whenever she is in the presence of her cousin Gabriel But Gabriel has quite a different effect on Catherine stirring a longing deep within her Under His Dangerous Spell Gabriel St Aubyn is haunted by the curse that has plagued his family for decades Living with the constant torment that he too will succumb to it one day he has resigned

himself to a solitary existence Yet when he meets Catherine he cannot resist her company or his growing desire for her But when a young woman is found dead Catherine cannot ignore the link between this horrific crime and Gabriel Is he the tender charismatic man she loves or a sinister stranger waiting to make her his next victim Praise for the novels of Eve Silver Riveting A dark steamy and twisted tale Lisa Jackson on His Dark Kiss A dark and delicious gothic I gobbled it up in a single sitting Oh how I have missed books like this Linda Lael Miller on Dark Desires

 Garrett Mattingly s Catherine of Aragon was the first real biography of the youngest daughter of Ferdinand and Isabella who
 married Henry VIII She loved England and England loved her from the day she landed an outwardly brave inwardly scared
 fifteen year old to the day of her death Henry loved her longer and more loyally than he ever loved anyone else lived in
 wedded peace with her for eighteen years and in uneasy friendship for four more after he had started proceedings for
 divorce She loved Henry better than anyone else ever did and found in her love the courage to oppose him more unflinchingly
 than anyone else ever dared to do The clash of their formidable wills changed the course of history This vivid dramatic
 biography with its smallest detail resting solidly on painstaking research discloses a new English heroine and presents the
 whole epoch of Henry VIII in a new light startlingly revealing and utterly convincing *About Catherine de Medici* Honoré

Catherine de Medici Honore de Balzac,2015-12-28 There is a general cry of paradox when scholars struck by some
 historical error attempt to correct it but for whoever studies modern history to its depths it is plain that historians are
 privileged liars who lend their pen to popular beliefs precisely as the newspapers of the day or most of them express the

opinions of their readers Historical independence has shown itself much less among lay writers than among those of the Church It is from the Benedictines one of the glories of France that the purest light has come to us in the matter of history so long of course as the interests of the order were not involved About the middle of the eighteenth century great and learned controversialists struck by the necessity of correcting popular errors endorsed by historians made and published to the world very remarkable works Thus Monsieur de Launoy nicknamed the Expeller of Saints made cruel war upon the saints surreptitiously smuggled into the Church Thus the emulators of the Benedictines the members too little recognized of the Academie des Inscriptions et Belles lettres began on many obscure historical points a series of monographs which are admirable for patience erudition and logical consistency Thus Voltaire for a mistaken purpose and with ill judged passion frequently cast the light of his mind on historical prejudices Diderot undertook in this direction a book much too long on the era of imperial Rome If it had not been for the French Revolution criticism applied to history might then have prepared the elements of a good and true history of France the proofs for which had long been gathered by the Benedictines Louis XVI a just mind himself translated the English work in which Walpole endeavored to explain Richard III a work much talked of in the last century Why do personages so celebrated as kings and queens so important as the generals of armies become objects of horror or derision Half the world hesitates between the famous song on Marlborough and the history of England and it also hesitates between history and popular tradition as to Charles IX At all epochs when great struggles take place between the masses and authority the populace creates for itself an ogre esque personage if it is allowable to coin a word to convey a just idea Thus to take an example in our own time if it had not been for the Memorial of Saint Helena and the controversies between the Royalists and the Bonapartists there was every probability that the character of Napoleon would have been misunderstood A few more Abbe de Pradits a few more newspaper articles and from being an emperor Napoleon would have turned into an ogre
