Shneidman,1977-07 **Killing My Self-Destruction** Erich R Allen,2018-10-28 Having begun his life as the youngest of three children in a blue collar family from Syracuse New York his fate was quickly filled with a dynamism that included abuse bullying and intimidation In this story of fear and violence we see how a person is able to learn the arts of manipulation and control as a means to survive an abusive environment only to see those same characteristics come back to challenge them in adulthood As he gradually took control of his life and began to succeed at the surface level the lingering inner emotional detachment of this man would eventually lead him to a series of experiences some good and some detrimental Violence war betrayal divorce and heartbreak all characterize his life but still he finds his way toward strength and ultimately clarity The Self Destruction Handbook Adam Wasson,Jessica Stamen,2013-01-21 Let s face it there are thousands of books on the market on how to avoid self destructive behaviour but how many tell you to embrace self destruction enjoy it and pursue it to its fullest extent The goal of the book is simple to help you not to help yourself To that end the authors offer advice on everything from how to stalk an ex to how to develop a drinking problem Wondering which gateway drug is right for you This book will help you decide Not sure how much degradation you can take This book will help you push your limits No matter what self destructive behaviour you re interested in pursuing the chances are that this book will have some valuable advice and encouragement for you There is nothing more life affirming than total destruction but it can be a difficult and sometimes lonely road That is why if you remember only one thing as you read this book it should be this the whole point of self destruction is that it s fun If you re not having fun then you might as well be taking vitamins working on your relationships and reading self help books Your goal here should be to develop and pursue your self destructive tendencies to their fullest potential and have a good time doing it Before I Self-Destruct Donna M.
