International Joint Conference 15th International Conference on Computational Intelligence in Security for Information Systems (CISIS 2022) 13th International Conference on European

Transnational Education (ICEUTE 2022) Pablo García Bringas, Hilde Pérez García, Francisco Javier Martínez de Pisón, José Ramón Villar Flecha, Alicia Troncoso Lora, Enrique A. de la Cal, Álvaro Herrero, Francisco Martínez Álvarez, Giuseppe Psaila, Héctor Quintián, Emilio Corchado, 2022-11-04 This book of Lecture Notes in Networks and Systems contains accepted papers presented at the 15th International Conference on Computational Intelligence in Security for Information Systems CISIS 2022 and the 13th International Conference on European Transnational Education ICEUTE 2022. These conferences were held in the beautiful city of Salamanca Spain in September 2022. The aim of the CISIS 2022 conference is to offer a meeting opportunity for academic and industry related researchers belonging to the various vast communities of computational intelligence, information security and data mining. The need for intelligent flexible behaviour by large complex systems especially in mission critical domains is intended to be the catalyst and the aggregation stimulus for the overall event. After a thorough peer review process the CISIS 2022 International Program Committee selected 20 papers which are published in this conference proceedings. In this edition three special sessions were organized: Cybersecurity in Future Connected Societies, Cybersecurity and Trusted Supply Chains of ICT and Intelligent Solutions for Cybersecurity Systems. The aim of ICEUTE 2022 is to offer a meeting point for people working on transnational education within Europe. It provides a stimulating and fruitful forum for presenting and discussing the latest works and advances on transnational education within European countries. In the case of ICEUTE 2022 the International Program Committee selected 5 papers which are also published in this conference proceedings. The selection of papers was extremely rigorous to maintain the high quality of the conferences. We want to thank the members of the Program Committees for their hard work during the reviewing process. This is a crucial process for creating a high standard conference; the CISIS and ICEUTE would not exist without their help.
