Biblical Scholarship and the Church Allan K. Jenkins, Patrick Preston, 2016-04-15 Conflicting claims to authority in relation to the translation and interpretation of the Bible have been a recurrent source of tension within the Christian church and were a key issue in the Reformation debate This book traces how the authority of the Septuagint and later that of the Vulgate was called into question by the return to the original languages of scripture and how linguistic scholarship was seen to pose a challenge to the authority of the teaching and tradition of the church It shows how issues that remained unresolved in the early church re emerged in first half of the sixteenth century with the publication of Erasmus Greek Latin New Testament of 1516 After examining the differences between Erasmus and his critics the authors contrast the situation in England where Reformation issues were dominant and Italy where the authority of Rome was never in question Focusing particularly on the dispute between Thomas More and William Tyndale in England and between Ambrosius Catharinus and Cardinal Cajetan in Italy this book brings together perspectives from biblical studies and church history and provides access to texts not previously translated into English

Wrong-Doing, Truth-Telling Michel Foucault, 2014-06-04 Three years before his death Michel Foucault gave a series of lectures at the Catholic University of Louvain that have remained relatively unknown until only recently Entitled Wrong Doing Truth Telling these lectures provides the missing link between Foucault s early work on sexuality and punishment and his later work on Greek and Roman antiquity Ranging broadly from Homer to the 20th century Foucault traces how the early ethical acts of truth telling in ancient Greece gradually metamorphosed into acts of self incrimination in monastic times and ultimately into the birth and rise of psychiatry as the foundation of modern penology criminology and criminal justice For Foucault self incrimination no longer did the work necessary to quell justice because by the 19th century we wanted to know more than just the fact of

wrongdoing we wanted to know who the criminal was not just whether the accused committed the crime but what it was about him that made him commit the crime An avowal of wrong doing was no longer sufficient psychiatric expertise was now necessary and that development marks the birth of discipline and modern criminal justice made so famous by Foucault

What Ought to Be Michael G. Lawler,2005-04-05 Michael Lawler sets out a new approach for theology which must he says be historical empirical and in interdisciplinary collaboration with the social sciences He explores the relationship between practical theology which is concerned with the church as it is and as it ought to be and sociology using as example two Catholic moral doctrines artificial contraception and divorce and remarriage without prior annulment In addition to being a useful primer on the relationship between theology and sociology both theoretical and empirical the book provides a wonderfully clear description of the sea changes that have occurred in Roman Catholic theology worldwide over the past 70 or so years **Religious Life** Loan Le,2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have

reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live *Remarks on the Revised English Version of the Greek New Testament* Benjamin Wills Newton, 1881

Shakespeare's Plays William Shakespeare, 1847 *In Search for a Theology Capable of Mourning* H. Martin Rumscheidt, 2017-10-20 To what extent are the children of Holocaust perpetrators to feel remorseful or responsible for their parents wrongdoing Is the yearning by those offspring of Nazi sympathizers for forgiveness justified or should they separate themselves from their parents or relatives and ignore the history Such dilemmas have gnawed at theologian Martin Rumscheidt ever since at age eighteen he discovered his father's complicity in using Jewish slave labor at his workplace IG Farben He has written and spoken extensively about his journey in search of what he calls a theology of mourning that would preserve his concept of the reality of God and still recognize the reality at times grim reality of life *The Faith of St. Paul* Roy A. Harrisville, 2019-03-15 For generations scholars who study the letters of St Paul have argued about being in Christ and justification by faith as though they were competing theologies They have argued about faith as divine gift or human work and more recently the faith of Jesus Christ has been called into question Harrisville proposes a provocative and simple solution to these issues by examining scholarly assumptions and presenting the faith of St Paul as a dynamic and life changing power Participation in Christ and righteousness by faith are actually complimentary expressions for the same concept The apostle's faith was not self engendered but a gift that transformed him into a believer Taking a more organic approach to understanding the faith of St Paul this book provides a path toward reconciling entrenched positions and providing a fresh perspective by presenting the apostle's concept of faith as a transformative gift of divine power

Discipleship Dietrich Bonhoeffer, 2003-05-01 Cheap grace is the mortal enemy of our church Our struggle today is for costly grace And with that sharp warning to his own church which was engaged in bitter conflict with the official nazified state church Dietrich Bonhoeffer began his book *Discipleship* formerly entitled *The Cost of Discipleship* Originally published in 1937 it soon became a classic exposition of what it means to follow Christ in a modern world beset by a dangerous and criminal government At its center stands an interpretation of the Sermon on the Mount what Jesus demanded of his followers and how the life of discipleship is to be continued in all ages of the post resurrection church Every call of Jesus is a call to death Bonhoeffer wrote His own life ended in martyrdom on April 9 1945 Freshly translated from the German critical edition *Discipleship* provides a more accurate rendering of the text and extensive aids and commentary to clarify the meaning

context and reception of this work and its attempt to resist the Nazi ideology then infecting German Christian churches

Tactica Sacra Thomas Boys,1824 **Theological Education at Finkenwalde** Dietrich Bonhoeffer,2013-10-01 In the spring of 1935 Dietrich Bonhoeffer returned from England to direct a small illegal seminary for the Confessing Church The seminary existed for two years before the Gestapo ordered it closed in August 1937 This volume includes bible studies sermons and lectures on homiletics pastoral care and catechesis giving a moving and up close portrait of the Confessing Church in these crucial years the same period during which Bonhoeffer wrote his classics *Discipleship* and *Life Together*

1400-1600 Pollie Bromilow,2016-04-08 Through its many and varied manifestations authority has frequently played a role in the communication process in both manuscript and print This volume explores how authority whether religious intellectual political or social has enforced the circulation of certain texts and text versions or acted to prevent the distribution of books pamphlets and other print matter It also analyzes how readers writers and printers have sometimes rebelled against the constraints and restrictions of authority publishing controversial works anonymously or counterfeiting authoritative texts and how the written or printed word itself has sometimes been perceived to have a kind of authority which might have had ramifications in social political or religious spheres Contributors look at the experience of various European cultures English French German and Italian to allow for comparative study of a number of questions pertinent to the period Among the issues explored are local and regional factors influencing book production the interplay between manuscript and print culture the slippage between authorship and authority and the role of civic and religious authority in cultural production Deliberately conceived to foster interdisciplinary dialogue between the history of the book and literary and cultural history this volume takes a pan European perspective to explore the ways in which authority infiltrates and is in turn propagated or undermined by book culture *The ^AOxford Handbook of the Jesuits* Ines G.
