Police Motorcycle Instructor Training:

How to Become a Motorcycle Instructor David Harvey, 2010-02-25 When I decided to become a motorcycle instructor I was surprised at how little documentation there was available in the UK on this topic There is a small but worthwhile collection of books about how to ride a motorcycle but nothing formally published on how to become a motorcycle instructor Until something better comes along this is my attempt to fill that small gap in the market This book is aimed at potential and existing DSA Driving Standards Agency qualified motorcycle instructors in the UK **Training Catalog** Wisconsin. William Eugene Tarrants, 1978 **The new European motorcycle test** Great Britain: Parliament: House of Commons: Transport Committee, 2010-03-23 In April 2009 a new testing regime based on the Second EU Driving Licence Directive was introduced Deadlines for implementation had not been met and when the new test was finally introduced it was met with intense criticism and safety concerns The number of tests taken dropped dramatically in the first few months and the industry suggested that the new test regime would threaten many small businesses and jobs The Committee was concerned to not only establish whether the test had gone wrong and how problems could be rectified but also to ensure lessons are learned before the implementation of the Third EU Driving Licence Directive They concluded that they could not see why the Government failed to obtain derogation from certain speed requirements and that though many elements of the new regime were appropriate it was important to take into account the concerns expressed and consider what adjustments might be required They also believe that training and instruction for the motorcycle test needs to develop and change to reflect the new test requirements The off road module of the test also needs to be amended to allow candidates to adapt their riding to reflect prevailing weather road and other circumstances The development of better awareness of motorcyclists among other

road users is also crucial and should not be neglected Though the Government exceeded what was necessary to comply with the EU directive the Committee believes they were right to do so It is the development of Multi Purpose Test Sites for which justification was weak and implementation inept which represents the least effective element
