Politics And The Search For The Common Good:

Politics and the Search for the Common Good Hans Sluga, 2014-10-23 This book is a vigorous reassessment of the nature of politics and political theorizing

Politics and the Search for the Common Good Hans Sluga, 2014-10-23 Rethinking politics in a new vocabulary Hans Sluga challenges the firmly held assumption that there exists a single common good which politics is meant to realize He argues that politics is not a natural but a historical phenomenon and not a single thing but a multiplicity of political forms and values only loosely related He contrasts two traditions in political philosophy a normative theorizing that extends from Plato to John Rawls and a newer diagnostic practice that emerged with Marx and Nietzsche and has found its three most prominent twentieth century practitioners in Carl Schmitt Hannah Arendt and Michel Foucault He then examines the sources of diagnostic political thinking analyzes its achievements and offers a critical assessment of its limitations His important book will be of interest to a wide range of upper level students and scholars in political philosophy political theory and the history of ideas

Towards a Politics of Communion Anna Rowlands, 2021-12-02 Anna Rowlands offers a guide to the main time periods key figures documents and themes of thinking developed as Catholic Social Teaching CST A wealth of material has been produced by the Catholic Church during its long history which considers the implications of scripture doctrine and natural law for the way these elements live together in community most particularly in the tradition of social encyclicals dating from 1891 Rowlands takes a fresh approach in weaving overviews of the central principles with the development of thinking on political community and democracy migration and integral ecology and by considering the increasingly critical questions concerning the role of CST in a pluralist and post secular context As such this book offers both an incisive overview of this distinctive body of Catholic political theology and a new and challenging contribution to the debate about the transformative potential of CST in contemporary society

The Limits of a Divided Nation with Perspectives from the Bible Michael Ufok Udoekpo, 2020-01-31 Michael Udoekpo s work brilliantly and pastorally discusses the issues of conflict friction and disunity in the world and in Nigeria in particular from biblical historical and sociocultural perspectives These issues he stresses are endemic in various fabrics of the Nigerian society traceable to the family as the foundation of any given society They are also found in religious political and media groups Contributing factors Udoekpo argues are materialism infidelity relativism and fundamentalism Others are ethnocentrism anthropocentrism ignorance bribery and corruption with other forms of injustices Drawing from the Bible Udoekpo proposes prayer proper education truth telling restoration of family values interreligious and cultural dialogue ecumenism enforcement of rule of law faith and absolute trust in God as antidotes to conflict violence friction and disunity in our contemporary society

Companion to Theatre and Politics Peter Eckersall, Helena Grehan, 2019-03-14 The Routledge Companion to Theatre and Politics is a volume of critical essays provocations and interventions on the most important questions faced by today s writers critics audiences and theatre and performance makers Featuring texts written by scholars and artists who are diversely situated geographically culturally politically and institutionally its multiple perspectives broadly address the question How can we be political now To respond to this question Peter Eckersall and Helena Grehan have created eight galvanising themes as frameworks or rubrics to rethink the critical creative and activist perspectives on questions of politics and theatre Each theme is linked to a set of guiding keywords Post post consensus post Brexit post Fukushima post neoliberalism post humanism post global financial crisis post acting the real Assembly assemblage disappearance permission community citizen protest refugee Gap who is in and out what can be seen heard funded allowed Institution visibility darkness inclusion rules Machine biodata surveillance economy mediatisation Message performance and conviction didacticism propaganda End suffering stasis collapse entropy Re reset rescale reanimate reimagine replay how to bring complexity back into the public arena how art can help to do this These themes were developed in conversation with key thinkers and artists in the field and the resulting texts engage with artistic works across a range of modes including traditional theatre contemporary performance public protest events activism and community and participatory theatre Suitable for academics performance makers and students The Routledge Companion to Theatre and Politics explores questions of how to be political in the early 21st century by exploring how theatre and performance might provoke unsettle reinforce or productively destabilise the status quo **Practical Politics** Michael Keith Briand, 1999 This wise and sensible guide to practicing democracy will be invaluable to members of community and neighborhood organizations parent teacher associations local government citizens

groups and other grass roots organizations It will also be of interest to anyone wanting a deeper understanding of how democracy should work and why it often fails to do just that *In Search of Politics* Zygmunt Bauman,2013-07-03 We live in a world which no longer questions itself which lives from one day to another managing successive crises and struggling to brace itself for new ones without knowing where it is going and without trying to plan the itinerary And everything important in our lives livelihood human bonds partnerships neighbourhood goals worth pursuing and dangers to avoid feels transient precarious vulnerable insecure uncertain risky Is there a connection between the shape of the world we inhabit and the way we live our lives Exploring that connection and finding out just how close it is is the main concern of this book What is at stake in this inquiry is the possibility of re building the private public space where private troubles and public issues meet and where citizens engage in dialogue in order to govern themselves Individual liberty can only be a product of collective work it can only be collectively secured and guaranteed And yet today we are moving towards a privatization of the means to secure individual liberty If seen as a therapy for the present ills this is bound to produce effects of a most sinister kind The act of translating private troubles into public issues is in danger of falling into disuse and being forgotten The argument of this book is that making the translation possible again is an urgent and vital imperative for the renewal of politics today This new book by Zygmunt Bauman one of the most original and creative thinkers of our time will be of particular interest to students of sociology politics and social and political theory *Politics for a Pilgrim Church* Thomas J. Bushlack,2015-10-12 Presents an innovative constructive alternative to Christian involvement in the culture wars Church leaders and scholars have long wrestled with what should provide a guiding vision for Christian engagement in culture and politics In this book Thomas Bushlack argues that a retrieval of Thomas Aquinas s understanding of civic virtue provides important resources for guiding this engagement today Bushlack suggests that Aquinas s vision of the pilgrim church provides a fitting model for seeking the earthly common good of the political community and he notes the features of a Thomistic account of justice and civic virtue that remain particularly salient for the twenty first century The book concludes with suggestions for cultivating a Christian rhetoric of the common good as an alternative to the predominant forms of discourse fostered within the culture wars that have been so divisive **Faith, Politics, and Belonging** Ian Geary,2024-07-19 Drawing on the author s years spent working in and around Westminster this essay collection provides a personal perspective on the themes of faith politics and belonging To understand identity and place we need faith Faith should lead to engagement in the wider world and engagement in the wider world should deepen our faith and sense of purpose In three sections each drawing on his experience Ian Geary reflects on the cognate themes of faith politics and belonging Each section concludes with some questions for discussion and some suggestions for further reading Written from personal experience via immersion in British political life and informed by his understanding of theology the author seeks to animate a generous debate about the key themes not to secure readers attachment to a cause or political ideology These essays are written in the hope that Christians

engaged in politics will find them helpful and that they will also reach a wider audience to show how viewing politics through the lens of faith might yield a fresh perspective Ian Geary would venture to suggest that politics despite its critics is a necessary and good thing
