

# ICU Nurse Resume Objective

## Right

Highly skilled and compassionate ICU Nurse with over 5 years of experience in providing critical care to patients with life-threatening conditions. Seeking a challenging position in a reputable hospital to utilize my extensive knowledge and expertise in managing complex medical situations, delivering quality patient care, and collaborating effectively within multidisciplinary teams. Committed to fostering a supportive environment that facilitates recovery and promotes the overall well-being of patients.

## Wrong

I want to help sick people get better in a special part of the hospital called the ICU, where they need extra care and attention. I have been doing this for 5 years and really love what I do.

Learn how to become an exceptional caregiver in today's evolving healthcare environment. Written by a dedicated team of expert authors led by Sharon Lewis, *Medical Surgical Nursing 10th Edition* offers up-to-date coverage of the latest trends, hot topics, and clinical developments in the field. Completely revised and updated content explores patient care in various clinical settings and focuses on key topics such as patient safety, NCLEX exam preparation, evidence-based practice, and teamwork. A variety of helpful boxes and tables make it easy for you to find essential information, and the accessible writing style and building block approach make even the most complex concepts easy to grasp. Best of all, a complete collection of learning and study resources helps you learn more effectively and offers valuable real-world preparation for clinical practice. Highly readable format offers you a strong foundation in medical surgical nursing. Content written and reviewed by leading experts in the field ensures that information is comprehensive, current, and clinically accurate. Informatics boxes discuss how technology is used by nurses and patients in healthcare settings. Expanded coverage of evidence-based practice helps you understand how to apply the latest research to real-life patient care. Expanded Safety Alerts throughout the book highlight patient safety issues and focus on the latest National Patient Safety Goals. UNIQUE Levels of Care approach explains how nursing care varies for different levels of health and illness. Bridge to NCLEX Examination review questions at the end of each chapter reinforce key content while helping you prepare for the NCLEX examination with both standard and alternate item format questions. Unfolding case studies included throughout each assessment chapter help you apply concepts and procedures to real-life patient care. Managing Care of Multiple Patients case studies at the end of each section help you apply your knowledge of various disorders and prioritize and delegate patient care. Separate chapter on genetics focuses on the practical application to nursing care of patients. Genetics in Clinical Practice boxes address key topics such as genetic testing, Alzheimer's disease, sickle cell disease, and genetics-related ethical issues. Genetic Risk Alerts and Genetic Link headings highlight specific genetic issues related to body system assessments and disorders.
