 James s reign marked one of the very rare major breaks in England s monarchy Already James VI of Scotland and a highly
 experienced ruler who had established his authority over the Scottish Kirk he marched south on Elizabeth I s death to
 become James I of England and Ireland uniting the British Isles for the first time and founding the Stuart dynasty which
 would with several lurches reign for over a century Indeed his descendant still occupies the throne A complex curious man
 and great survivor James drastically changed court life in London and presided over such major projects as the Authorized
 Version of the Bible and the establishment of English settlements in Virginia Massachusetts Gujarat and the Caribbean
 Although he failed to unite England and Scotland he insisted that ambassadors acknowledge him as King of Great Britain and
 that vessels from both countries display a version of the current Union Flag He was often accused of being too informal and
 insufficiently regal but when his son Charles I decided to redress these criticisms in his own reign he was destroyed How
 much of the roots of this disaster were to be found in James s reign is one of the many problems dramatized in Thomas
 Cogswell s brilliant and highly entertaining new book **An Encyclopaedia of Occultism** Lewis Spence,2006-09-01 This
 compendium of information on the occult sciences occult personalities psychic science demonology spiritism and mysticism
