Identify THREE different strategies that would enable the teachers in a coteaching environment to develop and maintain a successful collaboration. Explain briefly how each strategy could contribute to a successful collaboration.

A first-year special education teacher is given a coteaching assignment in a high school general science class. The students in the class represent a wide variety of academic functioning. The general education teacher has not taught students with special needs in an inclusion setting before, nor has he collaborated with a special education teacher before this assignment.

- One Teach, One Assist
- One teacher has primary instructional responsibility while the other teacher monitors students behavior, assists students with their work, or correct assignments.

Parallel Teaching

- Each teacher instructs half the students. The teachers are addressing the same instructional material and presenting the material using the same teaching strategy but this approach helps reduce the student to teacher ratio.

Alternative Teaching

- This teaching strategy provides two different approaches teaching the same information. The learning outcome is the same for all students however the avenue of getting there is different

List THREE strengths that Benjamin displays in his writing assignment.

Describe TWO instructional strategies that the teachers might use as the next steps to improve and develop Benjamin's writing skills.

Benjamin, a first-grade student with a specific learning disability (SLD), was asked to write about a dream that he had. Below is Benjamin's assignment sample

The written text reads:

I dr am d uvf a bou h ro s

(I dream of about heroes.) - Three Strengths:

Structure: the sentence, regardless of the spellings, has a structure to it. It starts with an "I" and ends on the object.

Creativity: it may be an assumption right now but Benjamin does show signs of creativity by writing about his dream and writing using his own spellings to express his thoughts.

Sense: regardless that the spellings are wrong but they do make sense and anyone would be able to make out half, if not complete, sentence.
