The Secret of the Skate Pond Matthew John Parker, 2024-11-21 The Secret of the Skate Pond is a magical Christmas story that begins with a family's skating forays to an abandoned former skate pond hidden in the woods near their home. The skate pond has a secret though for those who are invited to the pond for its unique purpose and can see beyond the frozen surface of the pond. This heartwarming story will resonate with all who love the magic of the Christmas season and will be reread yearly by the light of the Christmas tree with a cup of warm cocoa or cider. Come with us to learn the secret of the skate pond. About the Author Matthew John Parker is a writer who enjoys creative storytelling in all genre types. The Secret of the Skate Pond is his latest Christmas story, a magical tale about an abandoned skate pond and the secrets it holds for those that find it. One of his previous books, The Three Gifts, was a Christmas story as well. Coming in the fall, The Lost Last Prophecy is the first installment in a thrilling three-book suspense series. Searching for Errol Flynn, a coming of age memoir, will be published later this year. As a writer, his work is an ongoing tribute to the love and inspiration of his late wife; her support and love continue to fuel his passion for storytelling as she was his muse and greatest supporter. Parker has two wonderful daughters, his steadfast traveling companions who are the epitome of today's strong women and the pride of their father. In his spare time, Parker enjoys traveling, reading, painting, and watching sports, especially both types of football.

Save Your Stuff in the Workplace Scott M. Haskins, 2013-04-01 In 1994, in response to the Northridge Earthquake in the Los Angeles area, Scott Haskins was asked to write a pamphlet entitled How To Respond After An Earthquake. 500,000 units were distributed to the public through the Human Resource department of The Bank of America Corporation. Following this event, he was asked to write Save Your Stuff in the Workplace because there was and is no other information available to the corporate and government world. Save Your Stuff fills the need for public outreach and education on the subject of Emergency Preparedness and Disaster Response. There is no other resource available to provide this information and education in an entrepreneurial way. The presentation of the educational information is unique in that it translates the professional conservation preservationese into plain public English.

The Polished Woman Angie Massengill, I hope that my book The Polished Woman will help you get organized and make your life easier. As I want this book to help guide my children and my grandchildren for generations to come. Life can be very difficult, especially if you're a wife, mother, and work a full-time job. We wear many hats. Think about it: we are wives, mothers, caregivers, teachers, coaches, housekeepers, gardeners, nurses, etc. We have a lot to do, sometimes with little or no help at all. The ideas in my book The Polished Woman are ideas that I have incorporated into my daily routine. I am always trying to find inexpensive ways to make life easier for me. One big key in getting organized is a routine and sticking to it. People ask me all the time how I do it; it's my routine. You have to get organized first. I want to know where everything is in my home. If my husband calls me, I want to be able to tell him where to find whatever it is that he is looking for. If everything is in order, he can do so without turning the whole house upside down. I

want my home to be guest ready at any given moment You never know who might pop in or if you re met with an accident and someone has to come into your home If you are one who is disorganized then this book is for you You will also find that I have included some helpful Web sites throughout the book Enjoy **How to Save Your Stuff from a Disaster** Scott M.
