Salafism in

Lebanon Zoltan Pall, 2018-04-05 The past two decades have seen an increasing association between Lebanese Salafism and violence with less attention being paid to Salafis who focus on peaceful proselytization In reality it is these Salafis whose influence has dramatically grown since the eruption of the Syrian conflict that profoundly affected Lebanon as well Based on extensive fieldwork Zoltan Pall offers insights into the dynamics of non violent Lebanese Salafi groups and examines the importance of transnational links in shaping the trajectory of the movement In particular he shows how the internal transformation of Salafism in Kuwait Qatar and Saudi Arabia led to the fragmentation of the Lebanese Salafi community By analysing Salafism as a network we see how the movement creates and mobilizes material and symbolic resources and how it contributes to reshaping the structures of authority within the country's Sunni Muslim community **Lebanese Salafis**

Between the Gulf and Europe Zoltan Pall, 2013-01-31 Salafism is one of the most dynamic and rapidly growing Islamic movements and it is impossible to understand contemporary Islam without taking account of it The movement has reached almost every corner of the Muslim world and its transnational networks span the globe Despite the importance of Salafism scholars have only recently begun to pay serious attention to the movement and while the body of literature on Salafism is growing there are still many lacunae The Lebanese context adopted by the author of this important study provides an excellent opportunity to explore the dynamics of the Salafi movement worldwide **The Syrian Refugee Crisis in**

Lebanon Robert G. Rabil, 2016-07-29 This book examines the unfolding of the Syrian refugee crisis in relation to the spillover of the Syrian civil war in Lebanon and against the background of Lebanon Syria relations and Lebanon's socio political cultural legal and economic conditions It surveys Lebanon's response plans to the refugee crisis as part of the development of the international response plans to address the protection and needs of the Syrian refugees and Palestinian refugees from Syria as well as the impacted host communities and institutions At the same time this book emphasizes the dramatic shift in popular and institutional attitudes towards the refugees as a response to and as a growth of the sheer magnitude of the refugee crisis which made Lebanon the only country in modern history with the highest per capita concentration of refugees in the world By examining these attitudes against the background of achievements and failures of the response plans the impact of the crisis on state institutions on the local and national levels and the collective consciousness of a nation barely surviving the scars of its civil war this book not only underscores the deepening tragedy of Syrian and Palestinian refugees in Lebanon but also the consequential tragedy of many Lebanese who have been forced into poverty and whose livelihoods have been affected by insecurity and the almost complete collapse of social services As a result the tragedy of the Syrian refugee crisis has become an international crisis affecting vulnerable persons across nationalities and unless it is addressed diplomatically and its response plans sufficiently funded the tragedy will only deepen across continents **Debating the**

War of Ideas Eric Patterson, Eric D. Patterson, John Gallagher, 2009-12-15 The War of Ideas is being fought both within Islamic societies and between some Muslim voices and the West The War of Ideas is a struggle between moral claims

political philosophies and historical interpretations that compete for assent within a society and across borders Like the ideological component of the Cold War the War of Ideas is about the fundamental principles of human society from the basis for law and structures of governance to gender relations and the nexus of religion and politics It is a global War the foes have resorted to arms to protect and promote their worldview This book brings together some of the most important voices from different partisan theoretical and religious perspectives to argue and forecast the next phase in the War of Ideas

Messerle, 2022-09-05 Master's Thesis from the year 2022 in the subject Politics Region Near East Near Orient grade 3.0 The American University in Cairo language English abstract In this research project I will shed light on Bahrain and Yemen More precisely I will scrutinize the foreign policy behaviour of Saudi Arabia in these two cases starting in early 2011 The year 2011 is significant because it marks the beginning of popular uprisings across the Arab world soon to be referred to as the Arab Spring Bahrain and Yemen represent two cases in which an uprising against the ruling regime led to two different outcomes Repression Bahrain and war Yemen In both cases Saudi Arabia along with other Gulf states intervened in a neighboring country to support allied governments fighting their opposition or a rebel movement as in Yemen Bahrain and Yemen are both countries with significant Shi'a populations amplifying Saudi fears of growing Iranian influence in these communities Based on the evidence of Iranian involvement in Syria Lebanon and Iraq I assume that Iran has played a role in Bahrain and Yemen too The extent to which Saudi policies in these two cases have been informed by Iran's influence will be at the center of this study's inquiry *A Handbook of Terrorism and Insurgency in Southeast Asia* Andrew Tian Huat Tan, 2007 This timely and significant book seeks to explain the deep seated complexities of terrorism and insurgency in Southeast Asia In the aftermath of 9/11 this region has been designated by the United States to be the second front in the war on terrorism Yet despite the emergence of this new global terrorism the authors argue that armed rebellion in Southeast Asia is a phenomenon that predates Al Qaeda and the global Jihadist movement and that much can be learned from the motivations behind it Written by a group of leading Western and emerging Southeast Asian scholars this extensive volume demonstrates the difficulty and diversity of rebellion in Southeast Asia and explores its intricate historical political social and economic roots The book will serve as an excellent reference and educational text providing an empirical and regional guide to the complex problem of insurgency in Southeast Asia It will also contribute to a more educated understanding that could provide the basis for appropriate counter terrorism strategies in this important part of the world Comprehensive and engaging this volume will find widespread appeal amongst researchers students and policymakers interested in terrorism international relations and Asian studies and will also be an invaluable tool for studies into political violence and security *Everyday Jihad* Bernard Rougier, 2007 As southern Lebanon becomes the latest battleground for Islamist warriors *Everyday Jihad* plunges us into the sprawling heavily populated Palestinian refugee camp at Ain al Helweh which in the early 1990s became a site for militant Sunni Islamists A place of refuge for Arabs hunted down in their countries of origin and a recruitment ground for young disenfranchised Palestinians the camp where sheikhs began actively recruiting for jihad situated itself in

the global geography of radical Islam With pioneering fieldwork Bernard Rougier documents how Sunni fundamentalists combining a literal interpretation of sacred texts with a militant interpretation of jihad took root in this Palestinian milieu By staying very close to the religious actors their discourse perceptions and means of persuasion Rougier helps us to understand how radical religious allegiances overcome traditional nationalist sentiment and how jihadist networks grab hold in communities marked by unemployment poverty and despair With the emergence of Hezbollah the Shiite political party and guerrilla army at the forefront of Lebanese and regional politics relations with the Palestinians will be decisive The Palestinian camps of Lebanon whose disarmament is called for by the international community constitute a contentious arena for a multitude of players Syria and Iran Hezbollah and the Palestinian Authority and Bin Laden and the late Zarqawi Witnessing everyday jihad in their midst offers readers a rare glimpse into a microcosm of the religious sectarian and secular struggles for the political identity of the Middle East today
