Alternative Salvations Hannah Bacon, Wendy Dossett, Steve Knowles, 2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality *Alternative Salvations* probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation Examples include twelve step recovery programs drug culture and public policy surrounding HIV AIDs in Kenya Although outside traditional religious contexts the contributors show ways in which they are not free from religious symbolism Part two explores alternative accounts of salvation rooted in religious traditions Established orthodoxies are confronted by contemporary critical questions for example about gender the status of animals and the political dimensions of salvation By contributing new perspectives and unique case studies *Alternative Salvations* provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation

“Grace Abounds More”: Balthasar’s Eschatological Universalism in Dialogue Joshua R. Brotherton,2023-12-04 The problem of eternal damnation is one that should trouble all believers and impels many to seek answers to fundamental questions outside of the Church For this reason theologians with a missionary heart of the last century or more from across the ecclesial spectrum have sought to refashion the gospel in our own estranged image In dialogue with one of the leading figures of this movement Joshua Brotherton tackles the question of the plausibility that all will be saved Sympathetic to their cause this volume seeks to revise the way in which they envision the reconciliation of divine love and moral evil **The Future of Christology** Roger Haight,2007-08-03 In a strongly worded notification in February of 2005 the Vatican Congregation for the Doctrine of the Faith denounced Jesuit Roger Haight s award winning best selling book Jesus Symbol of God as containing grave doctrinal errors Like a number of theologians before him Hans K ng Charles Curran Anthony de Mello Tissa Balasuriya and Jacques Dupuis Haight has been banned from teaching as a Catholic theologian In its overall criticism of the book the Congregation still under the direction of the then Cardinal Ratzinger charged that Haight subordinates the contents of the faith to their plausibility and intelligibility in post modern culture For his part Haight says I look at American Catholicism with a population more and more educated in the faith Many college and university students

are used to religious pluralism and are asking how they can square it with the Catholic faith I try to put critical words to their experience and keep their experience in touch with the tradition My fear is that educated Catholics will walk out if there isn't space for an open attitude to other religions The Future of Christology covers much the same ground as Jesus Symbol of God though in a much more accessible and compact format The earlier book was written as a textbook this one with a wider audience in mind In the final chapter Haight responds to the numerous reviews Jesus Symbol of God received both pro and con
