

Dear Senior Parents,

Happy New Year and what a special one it is for the parents and students in the graduating Class of 2013! We are entering the 6th week of the 2nd and last semester of your student's high school experience, which puts us closer to the time when they prepare to don caps and gowns and walk across the stage to receive their diplomas on Saturday, June 1, 2013.

For the second straight year, Commencement will be held at the beautiful Great Hall of the Wharton Center on the Michigan State University campus on Saturday evening, June 1, 2013, at 6 pm. While the Great Hall is one of Michigan State University's most appealing venues, and offers the much needed comforts of air conditioning, it has limited seating. Therefore, it will be necessary to issue tickets for admission to Commencement. Everyone attending the ceremony will be required to have a ticket.

In November we mailed out a letter asking that you turn in your request for graduation tickets and that we may not be able to guarantee the number of tickets requested. I am happy to report that we have received ticket requests from 98% of our parents in the Class of 2013. Tickets will be available for parents to pick up during Spring Parent Conferences, which are Tuesday, March 26 and Wednesday, March 27, from 5pm – 8 pm in the cafeteria. Tickets must be picked up and signed out by parents and will not under any circumstances be given to students.

If you might have questions and/or concerns related to graduation tickets, please direct them to me at tthomas@waverlyk12.net or (517) 323-3831. Congratulations in advance to the parents of the outstanding Class of 2013!

Sincerely,

Tracy Thomas
Deputy Principal

Lamb Food Kevin Crosthwaite, 2020-02-25 In the Gospel of John Jesus three times admonishes Peter to feed my sheep Theologians suspect the three repeats harken back to Peter's three denials I think it simply underscores how important it is to build and nourish the worldly flock All Christian leaders must nourish and grow their respective flocks However when facing a group of youth of various ages this can be daunting How do you keep their attention Particularly for modern social media addicted youth who are so easily BORED Our solution has been to look for a hook to gain and keep their attention In that spirit this book collected the ideas that worked for us Also when planning a Sunday school program you will occasionally need to inspire encourage and support other adult leaders This book is a collection of those stories along with youth activities and games While we did use scripture and Bible stories in our programs the focus of our approach was to draw on examples from nature and popular culture that point to God Then once you can grab their attention together you can lead them to a deeper understanding of Scripture while they open new insights to you

Elliott, 2002-02-15 Internet based surveys although still in their infancy are becoming increasingly popular because they are believed to be faster better cheaper and easier to conduct than surveys using more traditional telephone or mail methods Based on evidence in the literature and real life case studies this book examines the validity of those claims The authors discuss the advantages and disadvantages of using e mail and the Web to conduct research surveys and also offer practical suggestions for designing and implementing Internet surveys most effectively Among other findings the authors determined that Internet surveys may be preferable to mail or telephone surveys when a list of e mail addresses for the target population is available thus eliminating the need for mail or phone invitations to potential respondents Internet surveys also are well suited for larger survey efforts and for some target populations that are difficult to reach by traditional survey methods Web surveys are conducted more quickly than mail or phone surveys when respondents are contacted initially by e mail as is often the case when a representative panel of respondents has been assembled in advance And although surveys incur virtually no coding or data entry costs because the data are captured electronically the labor costs for design and programming can be high *Community Service-Learning* Rahima C.
