Scania Trucks Service Manual:

Public Works Manual ,1991 Fire and Rescue Service manual Great Britain. Fire Service Inspectorate,2007-03-07

Incidents involving rescue from road vehicles are dramatically increasing in frequency There are some 3500 deaths on the road each year with 35 000 serious injuries Modern motor vehicles are becoming safer for occupants due to advancement in technology so persons are more likely to survive high impact speeds but are also more likely to become entrapped The Fire and Rescue Service as the primary rescue service requires national guidance to ensure a similar standard of response anywhere in the UK This manual is designed to highlight current best practice with regard to vehicle rescue techniques and first responder trauma care Each chapter forms an independent reference source but the publication as a whole forms a complete guide Chapters cover vehicle design and construction dealing with incidents safety procedures operational procedures extrication equipment medical considerations and trauma care Integrated Personal Development System I P D S Appendices cover Highways Agency Fire and Rescue Service memorandum of understanding training and general information and emergency services personnel ESP aide mmoire The CD ROM Vehicle extrication techniques is a multi media guide to rescue tool handling and extrication techniques **The Long Haul Pioneers** Ashley Coghill,2020-02-01 It all started in 1964 when two friends gave up promising medical careers to embark upon a journey which few hardened truckers would have considered In so doing they were solely responsible for creating the first long haul overland route across Europe and deep into the Middle East to Kabul The men had started the Middle East Run was to become a phenomenon in the road haulage industry an image which it still holds today This book is about the company founded by one of those men from its fledgling days as Asian Transport to the thriving Astran Cargo Services Ltd that it is today In this book Ashley Coghill documents the complete history of the company to date with the focus predominantly on the early days when the men were fighting for something and revelling in the adventure These early long haul drivers would think nothing of a 10 000 mile round trip to Iran or the Arabian Gulf and being stranded at 6 000 feet on a mountain pass with temperatures below 40 was just all in a day s work Ashley Coghill has an immense enthusiasm for his subject and has given his research total dedication He has also tracked down past and present employees to gather first hand information which he has illustrated with over 300 carefully selected images The end result is a detailed comprehensive and fascinating account of an extraordinary company
