Coombes, Tina Skinner, 2020-08-01 New Static and Dynamic Posture practical New Test Accuracy Reliability and Validity practical New activities reflecting recent advances in the field Increased focus on the interpretation feedback and discussion of the data collected during the assessment with the participant The Elite Leadership Course Garry McCarthy, 2021-05-26 The only authentic account of Lord Rowallan's ruthlessly unorthodox methods of leadership development at the Royal Military Academy Sandhurst This is a brilliant account of how leadership is made Andy McNab This is the true story of 21 young men desperately trying to survive the most brutal leadership course of modern times A throw back to the Highland Fieldcraft Training Center the revolutionary brain child of Lord Rowallan during the Second World War

this fascinating insight explains the extraordinary lengths Sandhurst goes to in pursuit of generating the world's greatest military leaders. No one could have known that the intensity of their training was coincidentally little more than a prelude to a decade of war in Afghanistan and Iraq where attrition rates became comparable to those reached during the Second World War. This captivating story is full of emotion brought on by physical and mental endeavor that leads to success and failure. This intimate and revealing story of camaraderie is the first of its kind. But learning how to lead subordinates during the darkest of hours living in the most austere of environments comes at a price. Unconventional and at times controversial, this is the only authentic account of life in Rowallan Company Sandhurst at a time when the world teetered on the brink of war with insurgents and dictators armed with weapons of mass destruction. *Sniper Elite* Rob Maylor, Robert Macklin, 2025-08-22

A gritty, no-holds-barred memoir of life as one of the world's top snipers. In *Sniper Elite*, Rob Maylor takes readers inside the closed world of the elite Special Forces sniper, detailing Maylor's dedication to the dark art of sniping and touching on the history of the great snipers who came before him. As one of Australia's most highly trained and successful combat marksmen, he tells the story of his years on the front lines from his early service with the Royal Marines in Northern Ireland to action in Iraq and most recently in Afghanistan where he was involved in some of the heaviest fighting in the conflict. He also chronicles his near-death experience in a Blackhawk helicopter that crashed off Fiji, killing two of his friends, and how he would walk for hours, sometimes days, through hostile country until he found the right position. Then, when the moment was right, he aimed and with absolute precision put the bullet just where it was going to have the most effect. Filled with dark humor and the almost religious sense of brotherhood within such an exclusive group of warriors, this is an explosive and revealing combat memoir and an inside look at the shadowy world of the modern sniper. **15 Minute Abs Workout**
