The Oxford Handbook of Cuneiform Culture Karen Radner, Eleanor Robson, 2011-09-22 The cuneiform script the writing system of ancient Mesopotamia was witness to one of the world's oldest literate cultures For over three millennia it was the vehicle of communication from at its greatest extent Iran to the Mediterranean Anatolia to Egypt The Oxford Handbook of Cuneiform Culture examines the Ancient Middle East through the lens of cuneiform writing The contributors a mix of scholars from across the disciplines explore define and to some extent look beyond the boundaries of the written word using Mesopotamia's clay tablets and stone inscriptions not just as texts but also as material artefacts that offer much additional information about their creators readers users and owners [A Manual of Sumerian Grammar and Texts \(Third, revised and expanded edition\)](#) John Hayes, 2019-12-31 This is an introductory pedagogical grammar designed for readers with no previous knowledge of Sumerian It can be used with or without a teacher A general description of Sumerian is followed by a series of 30 graduated lessons each including a sign list and vocabulary cuneiform texts transliteration transcription and translation [Companion to the History of the Book](#) Simon Eliot, Jonathan Rose, 2019-08-08 The celebrated text on the history of the book completely revised updated and expanded The revised and updated edition of The Companion to the History of the Book offers a global survey of the book's history through print and electronic text Already well established as a standard survey of the historiography of the book this new expanded edition draws on a decade of advanced scholarship to present current research on paper printing binding scientific publishing the history of maps music and print the profession of authorship and lexicography The text explores the many approaches to the book from the early clay tablets of Sumer Assyria and Babylonia to today's burgeoning electronic devices The expert contributions delve into such fascinating topics as archives and paperwork and present new chapters on Arabic script the Slavic Canadian African and Australasian book new textual technologies and much more Containing a wealth of illustrative examples and case studies to dramatize the exciting history of the book the text is designed for academics students and anyone interested in the subject *Antiguo Oriente - Volume 15 (2017)* Juan Manuel Tebes, 2017-12-31 Antiguo Oriente abbreviated as AntOr is the annual peer reviewed scholarly journal published by the Center of Studies of Ancient Near Eastern History CEHAO Catholic University of Argentina

Archaeologies of Text Matthew T. Rutz, Morag Kersel, 2014-12-30 Scholars working in a number of disciplines archaeologists classicists epigraphers papyrologists Assyriologists Egyptologists Mayanists philologists and ancient historians of all stripes routinely engage with ancient textual sources that are either material remains from the archaeological record or historical products of other connections between the ancient world and our own Examining the archaeology text nexus from multiple perspectives contributors to this volume discuss current theoretical and practical problems that have grown out of their work at the boundary of the division between archaeology and the study of early inscriptions In 12 representative case studies drawn from research in Asia Africa the Mediterranean and Mesoamerica

scholars use various lenses to critically examine the interface between archaeology and the study of ancient texts rethink the fragmentation of their various specialized disciplines and illustrate the best in current approaches to contextual analysis The collection of essays also highlights recent trends in the development of documentation and dissemination technologies engages with the ethical and intellectual quandaries presented by ancient inscriptions that lack archaeological context and sets out to find profitable future directions for interdisciplinary research

Finding, Inheriting or Borrowing? Jochen Althoff, Dominik Berrens, Tanja Pommerening, 2019-03-20 Since the dawn of humanity people have developed concepts about themselves and the natural world in which they live This volume aims at investigating the construction and transfer of such concepts between and within various ancient and medieval cultures The single contributions try to answer questions concerning the sources of knowledge the strategies of transfer and legitimation as well as the conceptual changes over time and space After a comprehensive introduction the volume is divided into three parts The contributions of the first section treat various theoretical and methodological aspects Two additional thematic sections deal with a special field of knowledge i.e. concepts of the moon and of the end of the world in fire

The History of Experience Wolfgang Leidhold, 2022-10-14 In a wide arc from the Paleolithic to the present day this book explores the changing structure of human experience and its impact on the dynamics of cultures civilizations and political ideas The main thesis is a paradigm shift the structure of human experience is not a universal constant but changes over time Looking at the entire range of human history there are a total of nine transformations beginning with conscious perception and imagination in the Paleolithic and ending for the time being in modern times with the discovery of the unconscious In between this book explores six more transformations that took place in different regions and at different times which include a sense of order self reflection the eye of reason spiritual experience as well as the experience of creativity and of consciousness As such *The History of Experience* presents both a cross cultural and comparative theory of experience and cultural dynamics and an exploration of rich materials from East and West This book is of great use to upper level undergraduates postgraduates and scholars interested in the relationship between history human experience culture and political order

The Loss of Male Sexual Desire in Ancient Mesopotamia Gioele Zisa, 2021-11-22 After more than fifty years since the last publication the cuneiform texts relating to the treatment of the loss of male sexual desire and vigor in Mesopotamia are collected in this volume The aim of the book is to present Mesopotamian medical tradition regarding the so called n libbi therapies zi ga in Sumerian n libbi in Akkadian lit raising of the heart is the expression used to indicate a group of texts intended to recover the male sexual desire This medical tradition is preserved from the Middle Babylonian period to the Achaemenid one This broad range testifies to the importance of the transmission of this material throughout Mesopotamian history The book provides the edition of this textual corpus and analyzes it in the light of new knowledge on ancient Near Eastern medicine Moreover this volume aims to show how theories and methodologies of Cultural Anthropology Ethnopsychiatry and Gender Studies are useful for understanding the Mesopotamian

medical system This edition is an important tool for understanding Mesopotamian medical knowledge for Assyriologist however since the texts have been translated and discussed using the anthropological and gender perspectives they are accessible also to scholars of other research fields such as History of Medicine Sexuality and Gender

s world **Assyria** Eckart Frahm,2023-04-04 A new history of Assyria the ancient civilization that set the model for future empires At its height in 660 BCE the kingdom of Assyria stretched from the Mediterranean Sea to the Persian Gulf It was the first empire the world had ever seen Here historian Eckart Frahm tells the epic story of Assyria and its formative role in global history Assyria s wide ranging conquests have long been known from the Hebrew Bible and later Greek accounts But nearly two centuries of research now permit a rich picture of the Assyrians and their empire beyond the battlefield their vast libraries and monumental sculptures their elaborate trade and information networks and the crucial role played by royal women Although Assyria was crushed by rising powers in the late seventh century BCE its legacy endured from the Babylonian and Persian empires to Rome and beyond Assyria is a stunning and authoritative account of a civilization essential to understanding the ancient world and our own *Babylon* Michael Seymour,2014-08-29 Babylon for eons its very name has been a byword for luxury and wickedness By the rivers of Babylon we sat down and wept wrote the psalmist as we remembered Zion One of the greatest cities of the ancient world Babylon has been eclipsed by its own sinful reputation For two thousand years the real physical metropolis lay buried while another ghostly city lived on engorged on accounts of its own destruction More recently the site of Babylon has been the centre of major excavation yet the spectacular results of this work have done little to displace the many other fascinating ways in which the city has endured and reinvented itself in culture Saddam Hussein for one notoriously exploited the Babylonian myth to associate himself and his regime with its glorious past Why has Babylon so creatively fired the human imagination with results both good and ill Why has it been so enthralling to so many and for so long In exploring answers Michael Seymour s book ranges extensively over space and time and embraces art archaeology history and literature From Hammurabi and Nebuchadnezzar via Strabo and Diodorus to the Book of Revelation Brueghel Rembrandt Voltaire William Blake and modern interpreters like Umberto Eco Italo Calvino and Gore Vidal the author brings to light a carnival of disparate sources dominated by the powerful and intoxicating idea of depravity Yet captivating as this dark mythology was and has continued to be at its root lies a remarkable and sophisticated imperial civilization whose complex state building law making and religion dominated Mesopotamia and beyond for millennia before its incorporation into the still wider empire of the Achaemenid kings **Disputation Literature in the Near East and Beyond** Enrique Jiménez,Catherine Mittermayer,2020-08-10 Disputation literature is a type of text in which usually two non human entities such as trees animals drinks or seasons try to establish their superiority over each other by means of a series of speeches written in an elaborate flowery register As opposed to other dialogue literature in disputation texts there is no serious matter at stake only the preeminence of one of the litigants over its rival These light hearted texts are known in virtually every culture that flourished in the Middle East from Antiquity to the present day and they constitute one of the most enduring genres in world literature The present volume collects over twenty contributions on disputation literature by a diverse group of world renowned scholars From ancient Sumer to modern day Bahrain from Egyptian to Neo Aramaic

including Latin French Middle English Armenian Chinese and Japanese the chapters of this book study the multiple avatars of this venerable text type *Enheduana* Sophus Helle, 2023-03-28 The complete poems of the priestess Enheduana the world's first known author newly translated from the original Sumerian Enheduana was a high priestess and royal princess who lived in Ur in what is now southern Iraq about 2300 BCE Not only does Enheduana have the distinction of being the first author whose name we know but the poems attributed to her are hymns of great power They are a rare flash of the female voice in the often male dominated ancient world treating themes that are as relevant today as they were four thousand years ago exile social disruption the power of storytelling gender bending identities the devastation of war and the terrifying forces of nature This book is the first complete translation of her poems from the original Sumerian Sophus Helle's translations replicate the intensity and imagery of the original hymns literary time bombs that have lain buried for millennia In addition to his translations Helle provides background on the historical context in which Enheduana's poems were composed and circulated the works literary structure and themes and their reception in both the ancient and the modern world Unjustly forgotten for millennia Enheduana's poems are essential reading for anyone interested in the literary history of women religion the environment gender motherhood authorship and empire

Hattusili, the Hittite Prince Who Stole an Empire Trevor Bryce, 2024-10-17 This gripping biography documents the life and reign of Hattusili one of the most famous and well documented Hittite rulers Hattusili ruled over the ancient kingdom of Anatolia modern Turkey during the 2nd millennium BC and was a political rival and at the same time treaty partner of the Egyptian pharaoh Ramesses the Great Trevor Bryce offers a chronological account of Hattusili charting the rise of the Bronze Age Hittite prince from a sickly childhood to become by ruthless ambition an illegal coup and a civil war the most powerful ruler of the ancient Near East Incorporating the most up to date archaeological material including the archive of clay tablets and new information about the astonishingly small size of the Hittite capital Hattusa Bryce provides the reader with a detailed examination of Hattusili's policies and military strategies Alongside these historical accounts Bryce weaves in imaginative reconstructions of pivotal moments in the ruler's life giving you a complete picture of Hattusili's remarkable military skills and impressive political prowess

Between Two Rivers Moudhy Al-Rashid, 2025-08-12 Humanity's earliest efforts at recording and drawing meaning from history reveal how lives millennia ago were not so different from our own Thousands of years ago in a part of the world we now call ancient Mesopotamia people began writing things down for the very first time What they left behind in a vast region between the Tigris and Euphrates rivers preserves leaps in human ingenuity like the earliest depiction of a wheel and the first approximation of pi But they also capture breathtakingly intimate raw and relatable moments like a dog's paw prints as it accidentally stepped into fresh clay or the imprint of a child's teeth In *Between Two Rivers* historian Dr Moudhy Al Rashid reveals what these ancient people chose to record about their lives allowing us to brush hands with them millennia later We find a lullaby to soothe a baby instructions for exorcising a ghost countless receipts for beer and the

messy writing of preschoolers We meet an enslaved person negotiating their freedom an astronomer tracing the movement of the planets a princess who may have created the world's first museum and a working mother struggling with the juggle in 1900 BCE Millennia ago Mesopotamians saw the world's first cities the first writing system early seeds of agriculture and groundbreaking developments in medicine and astronomy With breathtaking intimacy and grace Al Rashid brings their lives with all their anxieties aspirations and intimacies vividly close to our own
