that notion and in the process gives us some keen insight into how the messianic material in the New Testament fits into the larger matrix of Old Testament and early Jewish messianic thought Highly recommended Ben Witherington III Asbury Theological Seminary The complexities of biblical scholarship are all too often hidden from most students of the Bible This collection of essays however opens up contemporary issues concerning the concept of the messiah The main authors and respondents offer helpful and insightful presentations on the messiahship of Jesus Christ The format of essays and responses enriches the volume by permitting the reader to weigh differing viewpoints on the vitally important topic Here we have constructive critical evangelical scholarship of the highest quality T D Alexander Union Theological College Belfast Ireland
