Common Core Curriculum: English, Grades 9-12 Great Minds, 2014-04-16 Common Core's English resources empower educators to meet the expectations of the Common Core State Standards CCSS for English Language Arts ELA and build essential content knowledge for students in grades 9-12. Each grade in *The Wheatley Portfolio* features a comprehensive coherent sequence of thematic units that engage students in deep study of worthwhile texts and topics. Features of this book include six thematic units for each grade, each centered on a curated collection of literary and informational texts. Focus standards for each unit complement the topic and promote student mastery of essential literacy skills. Suggested texts and activities incorporate science, art, and history into English instruction. This revised second edition includes a sample text study that guides students through a close read of an exemplary text, updated web resources, and refreshed suggested works. Educators who create their curriculum based on Common Core's *Wheatley Portfolio* guarantee that students are exposed to content-rich instruction and have ample opportunity to master the reading, writing, speaking, listening, and language skills articulated in the CCSS for ELA.

Common Core Curriculum Maps in English Language Arts, Grades 9-12 Great Minds, 2011-10-13 The first books to present specific guidance for teaching the Common Core State Standards. Forty-three states plus the District of Columbia and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards CCSS. The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers for teachers, the research-based curriculum maps in this book present a comprehensive coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades 9-12. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. Each grade is broken down into six units that include focus standards, suggested works, sample activities, and assessments, lesson plans, and more. The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles. Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards.

Making Language Matter Deborah J. Vause, Julie S. Amberg, 2013 Now adopted by over 40 states, the Common Core State Standards provide a clear and consistent framework for public school systems as they develop student learning goals that define the path to readiness for college, careers, and informed citizenship. While each state is developing its own procedures for adoption of the Standards, individual teachers will continue to hold the ultimate responsibility for devising lesson plans and tailoring instruction to meet these benchmarks. *Making Language Matter* will help prospective and practicing teachers develop lessons to meet the benchmarks enumerated in the Standards for the English Language Arts categories: language, speaking and listening, writing, and reading. A timely text for literacy education courses, it explores language topics within these categories and suggests pedagogical approaches and activities for use in 9-12 language arts classrooms. Using a linguistics approach to unify the study of all the language arts, it engages readers in learning how to help
