Portals Of Infinity Book Three Of Temples And Trials:

Portals of Infinity: Book Three John Van Stry, 2014-10-24 With the first of what he suspects will be many favors completed William finds himself busy with important tasks back at his home on Saladin Queen Rachel has several jobs she needs him to do and Feliogustus has similar tasks in mind for him as well All in all it seems easy enough to Will it s not like he ll be fighting in any wars or traveling across the infinite on a strange quest after all But things aren t always as easy as they might seem and both politics as well as the other gods aren t going to ignore Will or the tasks he s been set to complete And ss if dealing with that isn t problem enough when the time comes to do some serious diplomacy between Hiland and a neighboring Kingdom a deadly problem comes from a most unexpected quarter forcing Will to take immediate action to payback both his and his God s foes *The Musical World* ,1878 **The National Freemason** ,1863 **Frank Leslie's Sunday Magazine** ,1885 Includes music The British National Bibliography Arthur James Wells,2006 *Portals of Infinity* John Van Stry,2015-10-30 William is the champion of a god in the sphere that he now calls home Being a champion comes with certain powers and advantages however it can also come with fearful and powerful enemies When William s oldest enemy attacked his family Will chased him across several realities until he caught up with him and finally slew him However champions always come back Fortunately for William his enemy was damaged years ago in one of their earlier fights and it will be almost a year until he can come back this time Unfortunately for William his enemy is becoming a demigod and if not stopped soon he may one day become too powerful for William to kill William now finds himself in a race against time needing to track down and destroy his enemy s hidden temples on Earth before he can reincarnate once again Complicating matters further champions are unknown on Earth and Will s god holds no sway there and Will has come under suspicion by at least one powerful government agency And while William s god is sympathetic to his champion s plight William must still put the needs of his god and his people before his own desires for vengeance **Portals of Infinity: Book Eight** John Van Stry,2018-03-15 After two long years in the void Will is glad to be home and so is his family However he still has his job to do Feliogustus has favors to pay back after being without Will for so long and some of those favors are coming due So while having his homecoming interrupted isn t enjoyable paying back those gods that Feliogustus owes is important When an opportunity to take on a task on one of the core worlds as a favor to another god comes along Will must drop everything and deal with it immediately Will s never been to a core world before much less heard of them but to Feliogustus it s important that he goes because invites to the core are few and far between So while the task may seem to be mundane to Will he knows from experience that there s more going on than Feliogustus has told him And anything that s important to Fel is important to Will When Will gets there he finds that some of the rules that the gods play by are different in the core as well as some of the rules that govern the infinite and the portals that link it together Will finds that instead of one realm the place he s now in is made up of multiple realms linked together by portals that not only most people can see but which are in fact big enough

to sail both trading and warships through *Portals of Infinity* John Van Stry, 2014-09-10 Will's life has definitely changed since that day he went hiking in the woods. Learning about the portals that link the infinite number of worlds opened his eyes to the wider reality. Learning that he was being setup to become the Champion of a God was an even more startling discovery. Now it's time for him to pay the bill for his recruitment. While Gods on a single world maneuver for local power, the older Gods from the infinite spheres play a larger and more complicated game. The Goddess Aryanna has a quest she needs completed and five Champions are needed to do it. Leaving Will to wonder: What could a Goddess possibly need?
