Royalton Middleport Hartland America Through Time:

Royalton, Middleport & Hartland Frederick G. Fierch, 2014 Situated in the Northern tier of western New York the New York State towns of Royalton and Hartland present a very interesting insight into the transformation of the United States over the last fifty years The area was dotted with small self sufficient population areas which have seen life as it was change into mere residential communities Although hardly unique in that regard the vibrancy which permeated the area can still be detected from what has remained either abandoned or active The entire area was once the major East West axis running from New York City to the interior of the nation It contains the Erie Canal the Military Road a route which began in Batavia New York home of the head office of the Holland Land Company which settled the area in the late 1700s and terminated at Fort Niagara on Lake Ontario the Route 104 Ridge Road and Route 31 which connected Rochester and Buffalo Because of the transportation system and the fruit industry of the region these towns were once part of an economic powerhouse

Royalton, Middleport, and Hartland Frederick G. Fierch, 2010 Nestled in the eastern end of Niagara County are the townships of Royalton and Hartland The village of Middleport lies mostly within the town of Royalton with a small part in the town of Hartland When the Erie Canal was built through Royalton and opened in 1824 it connected the interior of the United States with the Atlantic Ocean and the entire area was forever changed by the canal The area earned a reputation as an excellent fruit farming region and orchards appeared along with the chemical spraying industry Royalton Hartland and especially Middleport became extraordinarily important in these two industries and the canal was the focal point The Erie Canal continued to be a major shipping factor for the region until the barges discontinued use in the 1950s **Genealogical and Family History of Western New York** William Richard Cutter, 1912 **Genealogist's Address Book. 6th Edition**

Lewis Peyton's History of Augusta County Virginia is the standard work on the county. It is essentially a narrative account of Augusta from its aboriginal beginnings and Spotswood's discovery of the Valley of Virginia through the Civil War. Genealogists will value the book in part as a companion volume to such Augusta County source record collections as Lyman Chalkley's Chronicles of the Scotch Irish Settlement in Virginia. Of greater importance to genealogists however are the genealogical and biographical sketches of a number of pioneering Augusta County families found in the Appendix to the volume.
