

MAKER PROJECT RUBRIC

	Emerging - 1	Developing - 2	Proficient - 3	Exemplary - 4
Creativity	Student follows a set of directions to complete a project, but did not explore new ways to alter the idea.	Student project is original, but mostly based off of an existing idea.	Student project is explored and expressed in a fairly original way.	Student clearly explored and expressed multiple ideas in a unique way.
Iteration	Student does not attempt to iterate or make any changes on their initial design.	Student attempts to make an iteration on the design and/or aesthetic of their project, but is unsuccessful in any improvement.	Student undertakes 1 or more iterations of their product, improving the design and/or aesthetics.	Student completes their product, having improved the design and/or aesthetics over time.
Initiative	Student encounters complications with frustration and does not attempt to problem-solve independently.	Student encounters complications with frustration, but briefly attempts to problem-solve independently before seeking assistance.	Student encounters complications with a positive attitude and perseveres to problem-solve independently before seeking assistance.	Student encounters complications with a positive attitude and perseveres to problem-solve independently without needing to seeking assistance.
Learning	Student did not attempt any new learning or methodology they were not already initially comfortable with.	Student attempts 1 new avenue of learning for their project, but may not have been successful in its implementation.	Student attempts 1 new avenue of learning for their project. They demonstrate a skill they did not have at the start of the project.	Student attempts multiple new avenues of learning for their project. They clearly demonstrate a synthesis of skills they did not have at the start of the project.
Community	Student does not attempt to share their learning.	Student attempts to share their learning, but without adequate explanation or reflection.	Student shares their learning informally in a peer-to-peer fashion.	Student shares their project and learning with an authentic community in a formal manner.

Rubrics For Projects

Todd Stanley

Rubrics For Projects:

Standards-based Activities with Scoring Rubrics: Performance-based projects, 2002 **40 Rubrics & Checklists** Adele Fiderer, 1999 Help students achieve their best with expert forms of measuring reading and listening comprehension story character analysis personal experience essays and more Illustrations throughout *Creative Book Reports* Jane Feber, 2004 Encourage your students to actively demonstrate their comprehension of both fiction and non fiction with these alternative responses to literature The thirty nine standards based projects in this resource appeal to all types of learners in grades 4 8 Easy to follow directions support you during every step of each project helping you give clear explicit instructions to your students A reproducible rubric for each project helps students at all skill levels understand the grading criteria and gives you an effective tool to easily assess reading comprehension Includes a CD of customizable rubrics that you can adapt for other genres and content area topics Book jacket [Project Based Learning Made Simple](#) April Smith, 2018-05-08 100 ready to use projects to challenge and inspire your third fourth and fifth graders Project Based Learning Made Simple is the fun and engaging way to teach twenty first century competencies including problem solving critical thinking collaboration communication and creativity This straightforward book makes it easier than ever to bring this innovative technique into your classroom with 100 ready to use projects in a range of topics including Science and STEM Save the Bees Class Aquarium Mars Colony Math Literacy Personal Budgeting Bake Sale Family Cookbook Language Arts Candy Bar Marketing Modernize a Fairy Tale Movie Adaptation Social Studies Build a Statue Establish a Colony Documenting Immigration

Project-Based Learning William N. Bender, 2012-02-24 Increase achievement and engagement for all students in 21st century classrooms Project based learning has emerged as one of today s most effective instructional practices In PBL students confront real world issues and problems collaborate to create solutions and present their results This exciting new book describes how PBL fosters 21st century skills and innovative thinking The author provides instructional strategies assessment methods and detailed instruction on how to Design projects for various content areas across all grade levels Integrate technology throughout the learning process Use Khan Academy webquests wikis and more to foster deeper conceptual learning Build social learning networks Differentiate instruction by scaffolding supports for the learning process

Introduction to Rubrics Dannelle D. Stevens, Antonia J. Levi, 2023-07-03 This new edition retains the appeal clarity and practicality that made the first so successful and continues to provide a fundamental introduction to the principles and purposes of rubrics with guidance on how to construct them use them to align course content to learning outcomes and apply them in a wide variety of courses and to all forms of assignment Reflecting developments since publication of the first edition the authors have extended coverage to include Expanded discussion on use of rubrics for grading Grading on line with rubrics Wider coverage of rubric types e g holistic rating scales Rubric construction in student affairs Pros and cons of working with ready made rubrics Using rubrics to improve your teaching and for SoTL Use of rubrics in program assessment

case study Application of rubrics in the arts for study abroad service learning and students independent learning Up dated literature review James Bellanca,2011-11-01 Translate standards based content into enriched learning projects that build 21st century skills A valuable tool for teachers this book uses an enriched learning projects model to develop student skills in communication collaboration critical thinking creativity and global and cross cultural awareness It highlights e tools that enhance projects and presents research based instructional strategies that engage students **A Complete Guide to Rubrics** Audrey M. Quinlan,2011-11-10 This book takes a developmental perspective at the use of scoring rubrics to assess student work Citing developmental characteristics of each age the author presents examples and adaptations of assessment rubrics on a variety of subjects for teachers from kindergarten through adult college After a presentation of foundation information on rubrics separate chapters are devoted to each grade level from primary through adult Written so that each chapter can be addressed independently the book provides additional chapters devoted to assessing technological topics and using rubrics with students with special needs The final chapters provide practical information to help teachers to create their own rubrics and to covert rubric scores to letter grades An updated annotated listing of recommended rubric websites is included **Project-Based Learning Applied to the Language Classroom** Juliana Franco Tavares/ Louise Emma Potter,2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language It is about teaching English as a second or foreign language using Project Based Learning PBL We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren t enough materials based on this methodology In fact most researchers and writers we have come across discuss the applications of PBL in the students mother tongue to subjects such as Math History Literature Social Studies and Science However there are few published works about the specifics of PBL in foreign language classes Besides it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language *Multimedia Projects in the Classroom* Timothy D. Green,Abbie Brown,2002-02-11 This book provides an informative and easy to use guide to teachers on how to successfully integrate technology into their current curriculum even if the teachers background in technology is limited Bridget Weishaar Technology InstructorThe Latin School of ChicagoChicago IL The how to guide that can take you and your students to the next level of multimedia presentation Teachers have been working with multimedia for years slides shows recordings even chalk talks are multimedia But with the advent of personal computers and sophisticated graphics software multimedia has taken on a whole new look and feel and now two experts in education and multimedia share the step by step secrets on making multimedia work for you your students and your curriculum Multimedia Projects in the Classroom can help teachers understand how the multimedia development process works and how it can be used by

teachers as well as by students working on their own projects Subjects include Integrating curriculum content into multimedia production Developing multimedia projects in the classroom Evaluating multimedia projects Producing professional multimedia Learn to understand the process include it in your own work and incorporate student produced multimedia projects into the curriculum all with the help of this exciting and innovative book Addresses standards set for classroom multimedia production developed by the International Society for Technology in Education ISTE National Educational Technology Standards for Students NET S and National Educational Technology for Teachers NET T
