Rushdy, 2018-05-01 After Injury explores the practices of forgiveness resentment and apology in three key moments when they were undergoing a dramatic change The three moments are early Christian history for forgiveness the shift from British eighteenth century to Continental nineteenth century philosophers for resentment and the moment in the 1950s postwar world in which British ordinary language philosophers and American sociologists of everyday life theorized what it means to express or perform an apology The debates that arose in those key moments have largely defined our contemporary study of **A Passion for Justice** Robert C. Psalms xc-cl .1901 The Biblical Illustrator - Vol. 45 - Pastoral Commentary on Romans Joseph Exell, Charles Spurgeon, John Calvin, Alexander Maclaren, D.L. Moody, 2013-10-20 This ebook version of The Biblical Illustrator Pastoral Commentary on Romans contains nearly 3800 pages of commentary What if Charles Spurgeon helped you prepare next Sunday's sermon Or what if you could talk over your preaching with Joseph Parker Richard Baxter Henry Ward Beecher and H P Liddon Do you think it would make a difference to get the input of some of the greatest preachers who ever lived That s precisely what Joseph Exell had in mind when he put together the massive series of volumes called The Biblical Illustrator In what can only be called a Herculean feat he spent years gathering preaching notes and sermon outlines from the very best preachers of his day in the late 1800s and early 1900s and he did it covering every book of the Bible And it is amazingly comprehensive Exell approached his task by taking every verse in the Bible and seeking to discover how it has been preached in the past Though there is plenty of exegetical material here this is not primarily a commentary This series is for preachers teachers Bible students and anyone else looking for penetrating pastoral insights from some of the all time greats of the faith A Consuming Passion Christopher Date, Ron Highfield, 2015-10-13 This diverse collection of essays in honor of Edward William Fudge explores the topics of hell and immortality for which Fudge has been widely known through his magnum opus

The Fire That Consumes Most Christians believe people will live and suffer in hell forever but Fudge defends a view known historically as conditional immortality He and a growing minority of Christians believe God will grant immortality only to those who meet the condition of being united with Christ on the Last Day while those who do not will perish forever Although

Christians sharing Fudge s view have defended it both before and after him conditionalists today still point to The Fire That Consumes as the seminal treatment of the topic In July 2014 Christians from around the world gathered at the inaugural Rethinking Hell conference to celebrate Fudge's life and work and to discuss the nature of hell in an open and respectful forum This volume contains most of the essays presented at that conference and several others volunteered by conditionalists since then as a gift to Fudge for the tremendous impact he has had on them and for the continued work he does for God s The Cut and the Building of Psychoanalysis: Volume II Carlo Bonomi, 2017-07-14 The Cut and the Building of Psychoanalysis Volume II explores how the unformulated trauma associated with surgery performed on Emma Eckstein s genitalia and the hallucinations that Eckstein experienced influenced Freud's self analysis oriented his biological speculations and significantly influenced one of his closest followers S ndor Ferenczi This thought provoking and incisive work shows how Ferenczi filled the gaps left open in Freud's system and proved to be a useful example for examining how such gaps are transmitted from one mind to another The first of three parts explores how the mind of the child was viewed prior to Freud what events led Freud to formulate and later abandon his theory of actual trauma and why Freud turned to the phylogenetic past Bonomi delves deeper into Freud's self analysis in part two and reexamines the possible reasons that led Freud to discard the impact and effects of trauma The final part explores the interpersonal effects of Freud's self dissection dream arguing that Ferenczi managed to dream aspects of Freud's self dissection dream on various occasions which helped him to incorporate a part of Freud's psyche that Freud had himself failed to integrate This book questions the subject of a woman's body using discourse between Freud and Ferenczi to build a more integrated and accurate narrative of the origins and theories of psychoanalysis It will therefore be of interest to psychoanalysts psychotherapists psychologists and social scientists as well as historians of medicine science and human rights Bonomi's work introduces new arguments to the contemporary debate surrounding Female Genital Mutilation "The" Athenaeum ,1893
