Passport Customer Service Centre:

The future of the Newport Passport Office Great Britain: Parliament: House of Commons: Welsh Affairs Committee, 2011-02-03 Newport Passport Application Processing Centre serves the whole of Wales and south west England It deals with 47 000 passport applications annually around 10 per cent of the national total The Identity and Passport Service IPS proposes to close the Passport Office at Newport with a loss of over 300 jobs although the Home Office announced that a customer service centre would be retained in Newport to service South Wales and the South West of England The piecemeal nature of the announcements suggests the lack of a co ordinated strategy regarding the future of the IPS in Wales The Office s significance to Wales and its value to the Welsh economy have not been truly appreciated by the Government No economic impact assessment of the proposal has been completed and the criteria on which the decision was based should be re examined The Newport Passport Office is the second largest employer in the city centre Its closure would have a significant economic impact on the city and would be a further blow for the Welsh economy The Committee is not convinced that long term savings will be made by reducing the size of the Office The IPS should on the contrary provide a detailed appraisal of the costs and benefits of consolidation and expansion as opposed to a reduction of services Without the retention of the office in Newport the Government s duty to provide a Welsh language service to users may not be properly discharged Health and Safety, Environment and Quality Audits Stephen Asbury, 2013-10-15 This book provides a step by step guide to technical and operational integrity audits which has become invaluable for senior management and auditors alike This book Shows practitioners and students how to carry out internal audits to the key international health and safety environment and quality standards Contains over 20 new case studies 20 additional A Factors and superb new illustrations Includes checklists forms and practical tips to make learning easier With the addition of colour Health and Safety Environment and Quality Audits delivers a powerful and proven approach to auditing business critical risk areas It covers each of the aspects that need to be taken into account for a successful risk based audit to international or company standards and is an important resource for auditors and lead auditors managers HSEQ professionals and others with a critical interest in governance assurance and organizational improvement The companion website at www.routledge.com/cw/asbury contains relevant articles example risk management frameworks and a video by the author explaining the key aspects of the book **HC 238 - Her majesty's**

passport Office: Delays in Processing Applications Great Britain: Parliament: House of Commons: Home Affairs Committee, 2014-09-16 Applications for a passport are administered by Her Majesty s Passport Office HMPO This executive agency of the Home Office was established on 13 May 2013 At the beginning of June 2014 it became apparent that there were delays in the processing of passport applications Members of the public who did not contact their MPs were held in queues and their cases were not dealt with a sufficient level of service All applicants should be able to receive details of their applications regardless of whether they follow it up themselves or if it is followed up by their constituency MP A number of

people have ended up out of pocket due to HMPO's inability to meet its service standard HMPO should compensate all those people who made an initial application on or after 1 May 2014 who subsequently upgraded to the fast track service and who met the criteria for the free upgrade which was later offered and the Home Office should remove the agency status from Her Majesty's Passport Office HMPO bringing it back under the direct control of Ministers

Beyond Kolkata Ishita Dey, Ranabir Samaddar, Suhit K. Sen, 2016-03-23 This book examines the politics behind and the socio economic and ecological repercussions of the making of a new township variously called New Town Megacity or Jyoti Basu Nagar in Rajarhat near Kolkata Conceived by the West Bengal state government in the mid 1990s in pandering to the vision of urban planners of creating a hi tech town beyond an unruly crowded Kolkata and feeding the hunger of realtors and developers the city is built on the foundations of coercive even violent land acquisition

state largesse and corruption and at the cost of erasing a self sufficient subsistence economy and despoiling a fragile environment Yet after its completion and departure of construction labour the new town appears as a necropolis a ghost city that belies its promised image of an urban utopia even as the displaced locals lead a precarious mobile existence as transit labour engaged in odd and informal jobs Written on the basis of intensive fieldwork government documents court records and chronicles of public protests this book broadly analyses the politics and economics of urbanisation in the age of post colonial capitalism particularly the paradoxical combination of neoliberal and primitive modes of capital accumulation upon which the global emergence of new towns is based Departing from the dominant styles of urban studies that focus on cultural or spatial analysis of cities the authors show the links between changes in space technology political economy class composition and forms of urban politics which give concrete shape to a city It will immensely interest those in sociology political science economics development studies urban studies policy and governance studies and history
