Path Wellness Manual Cd:

Firefighter Emotional Wellness Jada Hudson, 2022-03-15 *Firefighter Emotional Wellness Reconnecting with Yourself and Others* is a training exercise for your heart and mind. It is an excellent evidence-based self-help book with boots on the ground sharing interviews with firefighters and how they adapt. You are looking at a critical part of your success as a first responder and human being, and it doesn't mean that you will have perfect understanding right away or ever, but what it means is you will begin to find tools that help you grapple with what you have seen. Jada Hudson shares what others are saying. By sharing personal stories of her clients' emotional wellness struggles, Jada Hudson takes away the stigma of talking about things like depression, anxiety, addiction, suicidal ideation, etc. Dr. Thomas E. Joiner, an academic psychologist, author, and professor of psychology at Florida State University, says *Firefighter Emotional Wellness Reconnecting with Yourself and Others* is a must-read for every academy recruit, newlywed, leader, retiree, spouse, and individual who wants to become or remain emotionally well. Jada Hudson's years of critically important work with counseling first responders has come full circle in this book. Her insight, guidance, and examination of the issues facing the men and women on the front lines is both remarkable and humbling. This book should be a must-read for any first responder or medical professional. Dr. Robert Langman, Northwestern Medicine Chicago, highly recommends this book for first responders, peer support programs, chaplains, and clinicians. Dr. Joel Fay, who teaches intervention case law, PTSD, Suicide by Cop, and Self-Care for Sacramento PD CIT, says Jada Hudson brings a considerable wealth of information regarding the mental health and treatment of first responders. She covers a broad range of topics including PTSD, suicide, stress, and trauma, resiliency, and treatment. She shares her professional knowledge and writes from her personal experience, and the book is richer for it. Jada Hudson draws upon her personal and professional experience as well as research and theory in writing *Firefighter Emotional Wellness*, a book that is timely and important, says Dr. Stanley McCracken, author and lecturer at The University of Chicago. Just as first responders drill to prepare them for the physical demands of their jobs, reading this book should be considered a preparation for the emotional demands they will face.
