Colossians David J. Landegent, 2017-06-06 Some people can't see the forest for the trees they get so bogged down in details that they lose sight of what it's all about Others can't see the trees for the forest they miss the wondrous details all around them So why not look instead at both the forest and the trees This commentary on Paul's letter to the Colossians guides you in doing just that Even though we will be exploring ancient biblical cultures and learning plenty about the Greek language no prior academic training is needed Technical terms have been set aside Instead with everyday language we will discover the big picture and revel in the fine details of this stunning letter amazed by how God is still speaking these same words today to contemporary personal and social challenges We will not then be tourists rapidly zipping through Colossians as if on a monotonous interstate highway Instead we will be hiking our way through this letter step by step phrase by phrase finding joy in God's truth and growing in our faith Come and join the journey
