Payback Debt And The Shadow Side Of Wealth:

Payback Margaret Atwood, 2007-03-15 Available in a new edition and with an introduction by Margaret Atwood **Payback** delivers a surprising look at the topic of debt a subject that continues to be timely Legendary novelist poet and essayist Margaret Atwood delivers a surprising look at the topic of debt a subject that continues to be timely during this current period of economic upheaval In her intelligent and imaginative approach to the subject Atwood proposes that debt is like air something we take for granted and never think about until things go wrong This is not a book about practical debt management or high finance although it does touch upon those subjects Rather it goes far deeper into an investigation of debt as a very old very central motif in religion literature and the structure of human societies By looking at how debt has informed our thinking from preliterate times to the present day through the stories we tell to our concepts of revenge and sin to the way we structure our social relationships Atwood shows that this idea of what we owe in other words debt is possibly built into the human imagination as one of its most dynamic metaphors In the final section Atwood touches upon not only our current global financial situation but also the concept of our debt to nature and how our ideas of ownership and debt must be changed if we are to find a new way to interact with our natural environment **Payback: Debt and the Shadow Side of**

Wealth (Large Print 16pt) Margaret Atwood, 2013-05-01 Now a major motion picture Official selection 2012 Sundance Film Festival Legendary poet novelist and essayist Margaret Atwood gives us a surprising look at the topic of debt a timely subject during our current period of economic upheaval caused by the collapse of a system of interlocking debts Atwood proposes that debt is like air something we take for granted until things go wrong **Payback** is not a book about practical debt management or high finance although it does touch upon these subjects Rather it is an investigation into the idea of debt as an ancient and central motif in religion literature and the structure of human societies By investigating how debt has informed our thinking from preliterate times to the present day through the stories we tell each other through our concepts of balance revenge and sin and in the way we form our social relationships Atwood shows that the idea of what we owe one another in other words debt is built into the human imagination and is one of its most dynamic metaphors **Selected**

Essays on Canadian, Australian and New Zealand Literatures Igor Maver, 2014-06-02 These selected essays on Canadian Australian and New Zealand literatures often although not always consider individual texts and literary authors within the post colonial paradigm They discuss some of the most prominent mostly contemporary literary authors in these genres including for example Margaret Atwood C K Stead Christopher Koch David Malouf Richard Flanagan Andrew Riemer Ouyang Yu A D Hope Teju Cole from the USA and others Several studies focus on significant issues in recent diasporic and transcultural writing in English including the specific Slovenian literary production while some of the essays examine the literary representations of a country in a particular national collective consciousness **What She Said** Monica

A Great Leap Forward Randall Wray,2020-01-14 A Great Leap Forward Heterodox Economic Policy for the 21st Century investigates economic policy from a heterodox and progressive perspective Author Randall Wray uses relatively short chapters arranged around several macroeconomic policy themes to present an integrated survey of progressive policy on topics of interest today that are likely to remain topics of interest for many years Rejects neoclassical orthodoxy as the appropriate tool for understanding 21st century economic and social life Considers subjects such as innovation and technological progress Explores public institutions global trade and financial regulation

Objects and Intertexts in Toni Morrison's "Beloved" Maureen E. Ruprecht Fadem,2020-11-17 Objects and Intertexts in Toni Morrison's Beloved The Case for Reparations is an inspired contribution to the scholarship on one of the most influential American novels and novelists The author positions this contemporary classic as a meditation on historical justice and re comprehends it as both a formal tragedy a generic translation of fiction and tragedy or a novel tragedy Kliger and a novel of objects Its many things literary conceptual linguistic are viewed as vessels carrying the hi story and the political concerns From this a third conclusion is drawn Fadem argues for a view of Beloved as a case for reparations That status is founded on two outstanding object lessons the character of Beloved as embodiment of the subject object relations defining the slave state and the grammatical object weather in the sentence The rest is on the novel s final page This intertextual reference places Beloved in a comparative link with Hamlet and Oresteia Fadem s research is meticulous in engaging the full spectrum of tragedy theory much critical theory and a full swathe of scholarship on the novel Few critics take up the matter of reparations still fewer the politics of genre craft and form This scholar posits Morrison s tragedy as constituting a searing critique of modernity as composed through meaningful intertextualities and as crafted by profound thingly objects Brown

Altogether Fadem has divined a fascinating singular treatment of Beloved exploring the connections between form and craft together with critical historical and political implications The book argues finally that this novel's first concern is justice and its chief aim to serve as a clarion call for material and not merely symbolic reparations This book is freely available to read at <https://taylorandfrancis.com/socialjustice/c/language-literature-arts/>

The Culture of Money Esther Schomacher, Jan Söffner, 2024-11-29 It is widely known that at least in current societies culture depends on money Less attention has been given to the contrary fact money also depends on culture In its very foundation negotiations values exchanges debts and obligations contracts and laws money's functioning is tied to cultural practices institutions identities and meanings This interdisciplinary anthology scrutinizes the two-way connection between culture and money and its implications for economic theory In this book a wide range of established experts and newcomers from a range of disciplines investigate current economic issues from the perspective of their social and cultural embeddedness their cultural and literary negotiations and their history In doing so they highlight what mainstream economics has missed or wilfully ignored they analyze the cultural genealogy of economic notions and concepts that have been thought of as abstract scientific economic terms such as the concept of value they point toward social aspects of economic action hitherto unnoticed by economics including power the relevance of institutions and the role of misfortune and failure The book also explores the looming question about what happens when the cultural foundation of money is replaced by machinic algorithms The volume provides a valuable contribution to cultural studies current re-discovery of economic topics while taking a purposefully critical stance on this notion as it puts particular emphasis on not just the theoretical significance but also the acute relevance of its findings The book therefore addresses academic audiences across a wide field of disciplines such as the social sciences literary and cultural studies economics and history

Privatization, Vulnerability, and Social Responsibility Martha Albertson Fineman, Titti Mattsson, Ulrika Andersson, 2016-11-25 Taking a cross-cultural perspective this book explores how privatization and globalization impact contemporary feminist and social justice approaches to public responsibility Feminist legal theorists have long problematized divisions between the private and the political an issue with growing importance in a time when the welfare state is under threat in many parts of the world and private markets and corporations transcend national boundaries Because vulnerability analysis emphasizes our interdependency within social institutions and the need for public responsibility for our shared vulnerability it can highlight how neoliberal policies commodify human necessities channeling unprofitable social relationships such as caretaking away from public responsibility and into the individual private family This book uses comparative analyses to examine how these dynamics manifest across different legal cultures By highlighting similarities and differences in legal responses to vulnerability this book provides important insights and arguments against the privatization of social need and for a more responsive state

Justice Is an Option Robert Meister, 2021-04-19 More than ten years after the worst crisis since the Great Depression the financial sector is thriving But something is deeply wrong

Taxpayers bore the burden of bailing out too big to fail banks but got nothing in return Inequality has soared and a populist backlash against elites has shaken the foundations of our political order Meanwhile financial capitalism seems more entrenched than ever What is the left to do Justice Is an Option uses those problems and the framework of finance that created them to reimagine historical justice Robert Meister returns to the spirit of Marx to diagnose our current age of finance Instead of closing our eyes to the political and economic realities of our era we need to grapple with them head on Meister does just that asking whether the very tools of finance that have created our vastly unequal world could instead be made to serve justice and equality Meister here formulates nothing less than a democratic financial theory for the twenty first century one that is equally conversant in political philosophy Marxism and contemporary politics Justice Is an Option is a radical invigorating first page of a new and sorely needed leftist playbook *Nigerian Consumer Credit* Philemon Iko-Ojo Omede,2022-08-30 This book critically reviews transnational banking regulations that specifically impact consumer lending in Africa s largest economy It provides a comprehensive analysis on the politics and economics of financial sector consolidation in an emerging market in West Africa also covering law consumer credit and consumer policy along with a discussion of banking sector reforms heavily influenced by the neoliberal economics paradigm There have been several developments since the publication of the existing books especially in the area of regulatory theory and social protection that are captured in this book which will be of interest to researchers students and scholars of banking regulation development economics and international finance *Life, Money and Illusion* Mike Nickerson,2009-09-01 In recent years unchecked growth has brought us to the brink of economic and environmental collapse Life Money and Illusion was inspired by the dilemma of having an economic structure that has to grow to remain healthy while facing the finite limits of our planet This revised and updated edition launches a review of economic expansion It examines how growth came to be a goal and how that goal though once beneficial is now the propellant for catastrophe Then by showing how the economy can be restructured to remain within planetary limits it points the way to a sustainable future Life Money and Illusion advocates change by shifting the dominant economic paradigm from growth to sustainability Techniques include Measuring progress with social and environmental indicators along with economic ones Encouraging investment in community Practical changes such as full cost accounting tax shifting and monetary reform Honoring the Golden Rule instead of the Rule of Gold Focusing more on living than on stuff An engaging and empowering vision of a future that celebrates humanity s extraordinary ability to adapt and evolve Life Money and Illusion will appeal to social activists business people students environmentalists financial planners economists parents grandparents and anyone else with a stake in the future *The Day the King Defaulted* Moshe Arye Milevsky,2017-09-13 This book studies King Charles II s decision to stop all payments from his royal exchequer a sordid but little known event in English history with eerie similarities to the cause of the Great Recession of 2008 As with any modern banking crisis the financial system in 1672 almost collapsed day to day commerce ground to a halt houses were lost

and ordinary investors suffered but there was no banking bailout and no mercy for the goldsmith bankers who had lent the king millions to fund his unsustainable lifestyle The royal decision made in the wake of plagues fires and war with the Dutch left bankers unable to cover their own liabilities and in the days before bankruptcy they couldn't walk away from their obligations and start fresh Many bankers spent the end of their lives in debtors prison but English commoners had little sympathy for the plight of rich financiers a sentiment echoed after the financial crisis of 2008 Ultimately this book tells the complete story of the Merry Monarch's financial default England's first and last using the lens and language of modern financial products and markets It covers the precarious history leading up to the infamous day in 1672 the intrigue surrounding the stop including those who traded on inside information beforehand and the attempt by distressed creditors to gain financial restitution

Marx, Veblen, and the Foundations of Heterodox Economics Tae-Hee Jo, Frederic Lee, 2015-07-30 John F Henry is an eminent economist who has made important contributions to heterodox economics drawing on Adam Smith Karl Marx Thorstein Veblen and John Maynard Keynes His historical approach offers radical insights into the evolution of ideas ideologies and theories giving rise to and/or induced by the changes in capitalist society Essays collected in this festschrift not only evaluate John Henry's contributions in connection to Marx's and Veblen's theories but also apply them to the socio-economic issues in the 21st century In Part I leading heterodox economists in the traditions of Marxism Post Keynesianism and Institutionalism critically examine Marx's and Veblen's theoretical frameworks and their connections to each other that have become the foundations of heterodox economics Chapters in Part II showcase alternative theoretical explanations inspired by Marx Veblen and Henry Topics in this Part include financial crisis financialization capital accumulation economics teaching and the historical relationship between money and class society Part III is devoted to John Henry's heterodox economics encapsulated in his farewell lecture interview and bibliography Essays in this book individually and collectively make an important point that the history of economic thought or historical analysis of economic theory and policy is an integral part of developing heterodox economics as an alternative theoretical framework Anyone who is troubled by the recurring failure of capitalism as well as mainstream economics will find this book well worth reading

The Late Modernist Novel Seo Hee Im, 2022-06-09 The Late Modernist Novel explores how the novel reinvented itself for a Modernist age a world riven by war and capitalist expansion Seo Hee Im argues that the Anglophone novel first had to disassociate itself from the modern nation state and by extension national history which had anchored the genre from its very inception Existing studies of modernism show how the novel responded to the crisis in the national idea Polyglot high modernists experimented with cosmopolitanism and multilingualism on the level of style while the late modernists retreated to a literary nativism This book explores a younger generation of writers that incorporated empirical structures as theme and form to expand the genre beyond the nation state

Washington Irving and the Fantasy of Masculinity Heinz Tschachler, 2022-02-02 Washington Irving remains one of the most recognized American authors of the 19th century remembered for short stories

like Rip van Winkle and The Legend of Sleepy Hollow He also accomplished other writing feats including penning George Washington's biography and other life stories Throughout his life Irving was at odds with socially approved ways of being a man Irving purportedly saw himself and was seen by others as feminine shy and non confrontational Likely related to this he chose to engage with other men's fortunes and adventures by writing defining his male identity vicariously through masculine archetypes both fictional and non fictional Sitting at the intersection of literary studies and masculinity studies this reading reconstructs Irving's life long struggle to somehow win a place among other men Readers will recognize masculine themes in his tales from the Spanish period his western adventures as well as in historical biographies of Columbus Mahomet and Washington In many writings by Irving especially Sleepy Hollow readers will observe themes dominated by masculinity The book is the first of its kind to encompass and examine Irving's writings [Interpreting Literary Texts](#) Michael Giffin,2024-09-12 This book considers how textual interpretation has been influenced by post Kantian philosophy and aesthetics particularly the cultural transition from the correspondence theory of knowledge and truth to Nietzschean perspectivism and the canonical transition from Classicism to Romanticism to Modernism to Postmodernism It discusses the principles of interpretation the concept of reason logos and how the West's model of mind evolved The novels of Jane Austen introduce the concept of Classicism including her debt to Aristotle's thinking about Tragedy and Comedy in Poetics The two trajectories of Romanticism are discussed the philosophical trajectory through Berlin's idea of Counter Enlightenment the immanent critique of metaphysics and the aesthetic trajectory through Blake's vision of what is possible if the doors of perception can be cleansed The novels of Australia's Patrick White introduce the concept of Modernism and his attempt to imagine the real The novels of Margaret Atwood introduce the concept of Postmodernism tracing her literary evolution from an author focused on female identity to one concerned with the future of humanity The novels of Graham Greene and Muriel Spark are discussed as two different Catholic responses to Modernism The novels of Marilynne Robinson and Douglas Wilson are discussed as two different Protestant responses to Calvinism [The Cambridge Introduction to Margaret Atwood](#) Heidi Slettedahl Macpherson,2010-09-02 Margaret Atwood offers an immensely influential voice in contemporary literature Her novels have been translated into over 22 languages and are widely studied taught and enjoyed Her style is defined by her comic wit and willingness to experiment Her work has ranged across several genres from poetry to literary and cultural criticism novels short stories and art This Introduction summarizes Atwood's canon from her earliest poetry and her first novel The Edible Woman through The Handmaid's Tale to The Year of the Flood Covering the full range of her work it guides students through multiple readings of her oeuvre It features chapters on her life and career her literary Canadian and feminist contexts and how her work has been received and debated over the course of her career With a guide to further reading and a clear well organised structure this book presents an engaging overview for students and readers [Debt and Austerity](#) Jodi Gardner,Mia Gray,Katharina Moser,2020-11-27 This book explores the complex interactions between debt and

austerity analysing the social economic and legal implications of governments responses to the 2008 financial crisis **The Social Safety Net** Nora Loreto, 2024-08-13 THE HILL TIMES TOP 100 BOOKS OF 2024 Canada's social safety net is fraying Why does it feel like everything is collapsing Canada is at a crossroads Social services and politics have been transformed to serve market economies while Canadians struggle to pay rent buy food and find a stable job that pays well enough to cover daily costs Everywhere we look things are falling apart but there's still time to reverse the decline The Social Safety Net the first book in the Canada in Decline series tracks the forty year attack on Canada's welfare state As neoliberalism has matured Canadians have seen the impact of these attacks unreliable healthcare crises in education and social services and a society that feels like it is losing cohesion This series tells the story of Canada's untenable status quo and the forces that have led us to where we are today It outlines the choices we need to make to fix all that is crumbling around us as well as the possible paths forward **The Metaphysics of Trust** Philip Goodchild, 2021-06-29 Following Credit and Faith and Economic Theology this third volume in the series develops a metaphysics which is missing when trust is ordered around economic theories and institutions Human existence may be conceived according to its temporal dimensions of appropriation participation and offering Engaging with the Western philosophical tradition from the Neo Pythagoreans and Plato to Heidegger and Arendt drawing especially from Augustine and Weil Goodchild offers striking reconstructions of the meanings of economic political and religious dimensions of life The outcome is an elaboration of conceptions of wealth power contingency necessity and grace which give a new orientation to human life and endeavour Goodchild situates this discussion within the current historical era of the breakdown of global financial capitalism He draws from the Financial Revolution in England as a time of crisis which illuminates our own Faced with a range of global crises Goodchild proposes an alternative between strategies for survival either submission before a Great Machine of Credit as an autonomous unthinking system for regulating human behaviour or accession to the necessity of grace as a way of empowering the pursuit of wealth justice and thought
